If any person other than the Secretary proposes a marketing agreement, he shall file with the Chief a written application, together with at least four copies of the proposal, requesting the Secretary to hold a hearing upon the proposal. Upon receipt of such proposal, the Chief shall cause such investigation to be made and such consideration thereof to be given as, in his opinion, are warranted. If the investigation and consideration lead the Chief to conclude that the proposed marketing agreement or a marketing order will not tend to effectuate the declared policy of the act, and that a hearing should not be held on the proposal, he shall so advise the person who filed the proposal.

If the investigation and consideration lead the Chief to conclude that the proposed marketing agreement or a marketing order will tend to effectuate the de-

clared policy of the act, he shall recommend to the Secretary that a hearing be held upon the proposal. If the Secretary approves the recommendation, or if the Secretary desires to propose a marketing agreement, or a marketing order, he shall sign and cause to be served a notice of hearing, as hereinafter provided.

§ 132.4 *Institution of proceeding—(a) Filing and contents of the notice of hearing.* The proceeding shall be instituted by filing the notice of hearing with the hearing clerk. The notice of hearing shall define the scope of the hearing as specifically as may be practicable; shall contain the complete text or a summary of the major provisions of any proposed marketing agreement or marketing order which may have been formulated by the Secretary or which may have been filed with the Chief, as hereinbefore provided in § 132.3; and shall state the time and place of such hearing, and the place where copies of such proposed marketing agreement or marketing order may be obtained or examined. The time of the hearing shall not be less than 15 days after the date of publication of the notice in the FEDERAL REGISTER, as hereinafter provided, unless the Secretary shall determine that an emergency exists which requires a shorter period of notice, in which case the period of notice shall be that which the Secretary may determine to be reasonable in the circumstances: *Provided, That, in the case of hearings on amendments to marketing agreements or marketing orders, the time of the hearing may be less than 15 days but shall not be less than 3 days after the date of publication of the notice in the FEDERAL REGISTER.*

(b) *Giving notice of hearing.* (1) Upon the filing of the notice of the hearing, the hearing clerk shall give or cause to be given notice of the hearing in the following manner:

(i) By publication of the notice of hearing in the FEDERAL REGISTER;

(ii) By mailing a true copy of the notice of hearing to each of the persons known to the Chief to be interested therein;

(iii) By issuing a press release containing the complete text or a summary of the contents of the notice of hearing and making the same available to such newspapers as reasonably will tend to bring the notice to the attention of the persons interested therein;

(iv) By forwarding copies of the notice of hearing addressed to the governors of such of the several States of the United States and to executive heads of such of the Territories and possessions of the United States as the Chief, having due regard for the subject matter of the proposal and the public interest, shall determine should be notified.

(2) Legal notice of the hearing shall be deemed to be given if notice is given in the manner provided by subparagraph (1) (i) of this paragraph; and failure to give notice in the manner provided in subdivisions (ii), (iii), and (iv) of said subparagraph shall not affect the legality of the notice.

(c) *Proof of the giving of notice.* Proof of the giving of notice (other than by

publication in the FEDERAL REGISTER) shall be by the affidavit or certificate of the person giving the same. Such affidavit or certificate shall be filed with the hearing clerk and the filing thereof shall be noted on the docket of the proceeding.

§ 132.5 *Docket number.* Each proceeding, immediately following its institution, shall be assigned a docket number by the hearing clerk and thereafter the proceeding may be referred to by such number.

§ 132.6 *Presiding officers—(a) Designation and assignment.* The Secretary shall, from time to time, designate employees of the Department to serve as presiding officers in proceedings under the act. No person who has any pecuniary interest in the outcome of a proceeding shall serve as presiding officer in such proceeding.

(b) *Powers of presiding officers.* Subject to review by the Secretary, as provided elsewhere in this subpart, the presiding officer, in any proceeding assigned to him by the Solicitor, shall have power to:

- (1) rule upon motions and requests;
- (2) change the time and place of hearing, and adjourn the hearing from time to time or from place to place;
- (3) administer oaths and affirmations and take affidavits;
- (4) examine witnesses;
- (5) admit or exclude evidence;
- (6) hear oral argument on facts or law;

(7) do all acts and take all measures necessary for the maintenance of order at the hearing and the efficient conduct of the proceeding.

(c) *Who may act in absence of presiding officer.* In case of the absence, illness, resignation, or death of the presiding officer who has been assigned to a proceeding, or, in case the Solicitor determines that, for other good cause, such presiding officer should not act, the powers and duties to be performed by the presiding officer under these rules of practice in connection with such proceeding may, subject to the provisions of paragraph (a) of this section, be assigned to any other employee of the Department whom the Secretary shall have designated to serve as a presiding officer in proceedings under the act.

§ 132.7 *Motions and requests—(a) General.* All motions and requests shall be filed with the hearing clerk, except that those made during the course of a hearing may be filed with the presiding officer or may be stated orally and made a part of the transcript.

The presiding officer is authorized to rule upon all motions and requests filed or made prior to the transmittal of the record to the Secretary as hereinafter provided. The Secretary shall rule upon all motions and requests filed after that time.

(b) *Certification to Secretary.* The submission or certification of any motion, request, objection, or other question to the Secretary prior to the transmittal of the record to the Secretary,

as hereinafter provided, shall be in the discretion of the presiding officer.

§ 132.8 *Conduct of the hearing*—(a) *Time and place.* The hearing shall be held at the time and place fixed in the notice of hearing, unless the presiding officer shall have changed the time or place, in which event the presiding officer shall file with the hearing clerk a notice of such change, which notice shall be given in the same manner as hereinbefore provided in § 132.4 (relating to the giving of notice of the hearing): *Provided*, That, if the change in time or place of hearing is made less than 5 days prior to the date previously fixed for the hearing, the presiding officer, either in addition to or in lieu of causing the notice of the change to be given, shall announce, or cause to be announced, the change at the time and place previously fixed for the hearing.

(b) *Appearances*—(1) *Right to appear.* At the hearing, any interested person shall be given an opportunity to appear, either in person or through his authorized counsel or representative, and to be heard with respect to matters relevant and material to the proceeding. Any interested person who desires to be heard in person at any hearing under these rules shall, before proceeding to testify, state his name, address, and occupation. If any such person is appearing through a counsel or representative, such person or such counsel or representative shall, before proceeding to testify or otherwise to participate in the hearing, state for the record the authority to act as such counsel or representative, and the names and addresses and occupations of such person and such counsel or representative. Any such person or such counsel or representative shall give such other information respecting his appearance as the presiding officer may request.

(2) *Debarment of counsel or representative.* Whenever, while a proceeding is pending before him, the presiding officer finds that a person, acting as counsel or representative for any person participating in the proceeding, is guilty of unethical or unprofessional conduct, the presiding officer may order that such person be precluded from further acting as counsel or representative in such proceeding. An appeal to the Secretary may be taken from any such order, but the proceeding shall not be delayed or suspended pending disposition of the appeal: *Providing*, That the presiding officer may suspend the proceeding for a reasonable time for the purpose of enabling the client to obtain other counsel or other representative.

In case the presiding officer has ordered that a person be precluded from further acting as counsel or representative in the proceeding, the presiding officer, within a reasonable time thereafter, shall submit to the Secretary a report of the facts and circumstances surrounding such order and shall recommend what action the Secretary should take respecting the appearance of such person as counsel or representative in other proceedings before the Secretary. Thereafter the Secretary may, after

notice and an opportunity for hearing, issue such order, respecting the appearance of such person as counsel or representative in proceedings before the Secretary, as the Secretary finds to be appropriate.

(3) *Failure to appear.* If any interested person fails to appear at the hearing, he shall be deemed to have waived the right to be heard in the proceeding.

(c) *Order of procedure.* The presiding officer shall have noted on the record his designation as presiding officer and the notice of the hearing as filed with the Division of the Federal Register, National Archives. This shall be done by filing as an exhibit for the record a copy of the FEDERAL REGISTER containing such designation and such notice, or a duly certified copy of such designation and notice.

Evidence shall then be received with respect to the matters specified in the notice of the hearing in such order as the presiding officer shall announce.

(d) *Evidence*—(1) *In general.* The hearing shall be publicly conducted, and the testimony given at the hearing shall be reported verbatim.

Every witness shall, before proceeding to testify, be sworn or make affirmation. Cross-examination shall not be permitted, except in the discretion of the presiding officer.

When necessary, in order to prevent undue prolongation of the hearing, the presiding officer may limit the number of times any witness may testify to the same matter or the amount of corroborative or cumulative evidence.

The presiding officer shall, insofar as practicable, exclude evidence which is immaterial, irrelevant, or unduly repetitious, or which is not of the sort upon which responsible persons are accustomed to rely.

(2) *Objections.* If a party objects to the admission or rejection of any evidence or to any other ruling of the presiding officer during the hearing, he shall state briefly the grounds of such objection, whereupon an automatic exception will follow if the objection is overruled by the presiding officer. The transcript shall not include argument or debate thereon except as ordered by the presiding officer. The ruling of the presiding officer on any objection shall be a part of the transcript.

Only objections made before the presiding officer may subsequently be relied upon in the proceeding.

(3) *Affidavits.* Affidavits, if relevant and material, shall be received and marked as exhibits, provided they are filed with the presiding officer before the close of the hearing. Every interested person shall be permitted to examine all affidavits which have been so filed and to file counter-affidavits with the presiding officer within a period of time (to be fixed by the presiding officer) not more than 5 days following the close of the hearing. In any event, the Secretary shall consider the lack of opportunity for examination in determining the weight to be attached to statements made in the form of affidavits.

(4) *Proof and authentication of official records or documents.* An official record

or document, when admissible for any purpose, shall be admissible as evidence without the production of the person who made or prepared the same. Such record or document shall, in the discretion of the presiding officer, be evidenced by an official publication thereof or by a copy attached by the person having legal custody thereof and accompanied by a certificate that such person has the custody.

(5) *Exhibits.* All written statements, charts, tabulations, or similar data offered in evidence at the hearing shall, after identification by the proponent and upon satisfactory showing of the authenticity, relevancy, and materiality of the contents thereof, be numbered as exhibits and received in evidence and made a part of the record. Such exhibits (including affidavits) shall be submitted in quadruplicate and in documentary form. In case the required number of copies is not made available, the presiding officer shall exercise his discretion as to whether said exhibits shall, when practicable, be read in evidence or whether additional copies shall be required to be submitted within a time to be specified by the presiding officer. If the testimony of a witness refers to a statute, or to a report or document (including the record of any previous hearing), the presiding officer, after inquiry relating to the identification of such statute, report, or document, shall determine whether the same shall be produced at the hearing and physically be made a part of the evidence as an exhibit, or whether it shall be incorporated into the evidence by reference. If relevant and material matter offered in evidence is embraced in a report or document (including the record of any previous hearing) containing immaterial or irrelevant matter, such immaterial or irrelevant matter shall be excluded and shall be segregated insofar as practicable, subject to the direction of the presiding officer.

(6) *Official notice.* Official notice will be taken of such matters as are judicially noticed by the courts of the United States and of any other matter of technical, scientific, or commercial fact of established character.

(7) *Offer of proof.* Whenever evidence is excluded from the record, the party offering such evidence may make an offer of proof, which shall be included in the transcript. The offer of proof shall consist of a brief statement describing the evidence to be offered. If the evidence consists of a brief oral statement or of an exhibit, it shall be inserted into the transcript *in toto*. In such event, it shall be considered a part of the transcript if the Secretary decides that the presiding officer's ruling in excluding the evidence was erroneous. The presiding officer shall not allow the insertion of such evidence *in toto* if the taking of such evidence will consume a considerable length of time at the hearing. In the latter event, if the Secretary decides that the presiding officer erred in excluding the evidence, and that such error was substantial, the hearing shall be reopened to permit the taking of such evidence.

§ 132.9 *Oral and written arguments.* (a) *Oral argument before presiding officer.* Oral argument before the presiding officer shall be in the discretion of the presiding officer. Such argument, when permitted, may be limited by the presiding officer to any extent that he finds necessary for the expeditious disposition of the proceeding and shall be reduced to writing and made part of the transcript.

(b) *Briefs.* The presiding officer shall announce at the hearing a reasonable period of time within which interested persons may file with the hearing clerk written arguments or briefs based upon the evidence received at the hearing, citing, where practicable, the page or pages of the transcript of the testimony where such evidence appears. Factual material, other than that adduced at the hearing, shall not appear in or be alluded to in briefs, and, in any case, shall not be considered in the formulation of the marketing agreement or marketing order. If the person filing a brief desires the Secretary to consider any objection made by such person to a ruling of the presiding officer, as hereinbefore provided in § 132.8 (d), he shall include in the brief a concise statement concerning each such objection, referring, where practicable, to the pertinent pages of the transcript.

§ 132.10 *Filing the transcript of testimony.* The presiding officer shall notify the hearing clerk of the close of a hearing as soon as possible thereafter and of the time for filing written arguments or briefs and shall furnish the hearing clerk with such other information as may be necessary. As soon as possible after the hearing, the presiding officer shall transmit to the hearing clerk an original and three copies of the transcript of the testimony and the original and all copies of the exhibits not already on file in the office of the hearing clerk. He shall attach to the original transcript of testimony his certificate stating that, to the best of his knowledge and belief, the transcript is a true transcript of the testimony given at the hearing except in such particulars as he shall specify; and that the exhibits transmitted are all the exhibits as introduced at the hearing with such exceptions as he shall specify. A copy of such certificate shall be attached to each of the copies of the transcript of testimony. In accordance with such certificate the hearing clerk shall note upon each copy of the transcript each correction detailed therein by adding or crossing out (but without obscuring the text as originally transcribed) at the appropriate place any words necessary to make the same conform to the correct meaning, as certified by the presiding officer.

§ 132.11 *Copies of the transcript.* A copy of the transcript shall be kept on file in the office of the hearing clerk, where it shall be available for examination during official hours of business, but such copy shall remain the property of the Department and may not be removed from said office.

If a personal copy of the transcript is desired, such copy may be obtained upon

written application filed with the reporter, and upon payment of fees at the rate (if any) provided in the contract between the reporter and the Secretary.

§ 132.12 *Chief's report.*—(a) *Preparation.* As soon as practicable following the termination of the period allowed for the filing of written arguments or briefs, the Chief shall cause to be prepared for his signature and shall file with the hearing clerk a report. Such a report shall be prepared by the personnel of the Bureau through which such marketing agreement or marketing order, or both, if executed or issued, would be administered.

(b) *Contents.* The Chief's report shall include: (1) a preliminary statement containing a description of the history of the proceedings, a brief explanation of the major issues developed at the hearing, and proposed conclusions with respect to such issues; and (2) a proposed marketing agreement based upon the evidence introduced at the hearing, if it is concluded that such an agreement should be proposed.

(c) *Exceptions.* If, after examination of the report which has been prepared for his signature, the Chief is of the opinion that the marketing agreement proposed in said report differs substantially from the marketing agreement upon which the hearing was held, and that the execution or issuance of the proposed marketing agreement will give rise to a substantial controversy (by virtue of the variance between the proposed marketing agreement or marketing order and the marketing agreement or marketing order upon which the hearing was held) between the Department and the persons who will become subject to such agreement or marketing order, if such marketing order is issued, notice of the Chief's report and opportunity to file exceptions thereto shall be given. If the Chief determines that such opportunity be given, he shall, immediately following the filing of his report with the hearing clerk, give notice thereof (together with notice of the date fixed by the Chief for the filing of exceptions thereto) in the same manner as hereinbefore provided in § 132.4 (relating to the giving of notice of the hearing). Within a period of time (to be fixed by the Chief, but not to exceed 20 days) after the filing of the report with the hearing clerk, any interested person may then file exceptions to the Chief's proposed marketing agreement and a brief in support of such exceptions. Any such person shall transmit his exceptions, in writing, to the hearing clerk, referring, where practicable, to the related pages of the transcript and suggesting appropriate changes in the proposed marketing agreement.

§ 132.13 *Submission to Secretary.* The hearing clerk, immediately following the filing of the Chief's report, shall transmit to the Secretary the record of the proceedings. Such record shall include: all motions and requests filed with the hearing clerk and rulings thereon; the transcript of testimony taken at the hearing, together with exhibits filed therein; any written arguments or briefs that may have been filed in con-

nection with the hearing; and the Chief's report: *Provided, however,* That if the Chief provides that opportunity be given to file exceptions to his proposed marketing agreement, as provided in § 132.12 (c), he shall, immediately following the termination of the period for the filing of exceptions to the Chief's proposed marketing agreement, cause to be prepared (by the personnel of the Bureau) for his signature, and shall file with the hearing clerk such revision of the Chief's report as he shall deem to be appropriate in view of the exceptions. Promptly upon the filing of the revision of the Chief's report or upon notification by the Chief that no revision will be made, the hearing clerk shall transmit to the Secretary the record of the proceedings. Such record shall include: all motions and requests filed with the hearing clerk and rulings thereon; the transcript of the testimony taken at the hearing, together with the exhibits filed therein; any written arguments or briefs that may have been filed in connection with the hearing; the Chief's report; such exceptions and briefs in support thereof as may have been filed pursuant to § 132.12 (c); a statement containing an analysis of such exceptions filed; and the Chief's revised report, if any revision is made.

§ 132.14 *Execution of marketing agreement and issuance of marketing order.*—(a) *Execution of marketing agreements.* If, after due consideration of the record, the Secretary decides to approve a marketing agreement, he shall announce his tentative approval thereof, and the marketing agreement shall thereupon be filed in the office of the hearing clerk, where a copy thereof shall be available for public inspection, and the Chief shall distribute other copies thereof for execution by the handlers eligible to become parties thereto. If and when such number of the handlers as the Secretary shall deem to be sufficient shall have executed the marketing agreement, the Secretary shall execute the same, and notice of its effective date shall be mailed to each person signatory thereto. A marketing agreement shall be effective and binding upon any party thereto even though such party may not have received the notice herein provided, or the hearing clerk may have failed to mail such notice.

(b) *Issuance of marketing order with marketing agreement.* Whenever, as provided in paragraph (a) of this section, the Secretary executes a marketing agreement, and the requisite number of handlers, as required by the act, shall have executed the same, he shall also issue a marketing order, which shall regulate the commodity or product involved in the same manner as such marketing agreement.

(c) *Effective date of marketing order.* No marketing order issued pursuant to this paragraph shall become effective less than 3 days after it has been filed with the Division of the Federal Register, National Archives, and, unless a greater number of days is prescribed in a marketing order, such order shall become effective 3 days after it has been so filed.

(d) *Notice of issuance.* After issuance of a marketing order, it shall be filed with the hearing clerk, and notice thereof, together with notice of the effective date, shall be given in the same manner as hereinbefore provided in § 132.4 (relating to the giving of notice of hearing).

§ 132.15 *Filing; extension of time; effective date of filing; and computation of time—(a) Filing, number of copies.* Except as is provided otherwise herein, all documents or papers required or authorized by the foregoing provisions of this subpart to be filed with the hearing clerk shall be filed in quadruplicate. Any document or paper, so required or authorized to be filed with the hearing clerk, shall, during the course of an oral hearing, be filed with the presiding officer.

(b) *Extensions of time.* The time for the filing of any document or paper required or authorized by the foregoing provisions of this subpart to be filed may be extended by the presiding officer (before the record is transmitted to the Secretary) or by the Secretary (after the record is transmitted to the Secretary), upon request filed, and if, in the judgment of the presiding officer or the Secretary, as the case may be, there is good reason for the extension.

(c) *Effective date of filing.* Any document or paper required or authorized by the foregoing provisions of this subpart to be filed shall be deemed to be filed when it is postmarked or when it is received by the hearing clerk.

(d) *Computation of time.* Sundays and Federal holidays shall be included in computing the time allowed for the filing of any document or paper: *Provided*, That, when such time expires on a Sunday or legal holiday, such period shall be extended to include the next following business day.

§ 132.16 *Discussion of issues, etc., of proceeding prohibited.* Except as may be provided otherwise in this subpart, no officer or employee of the Department shall, following the close of the hearing in a marketing agreement proceeding and prior to the execution of a marketing order therein, discuss the issues, merits, or evidence involved in the proceeding with any person interested in the result of the proceeding or with any representative of such person: *Provided, however*, That the provisions of this section shall not preclude an officer or employee who has been duly assigned to, or who has supervision over, a proceeding from discussing with interested persons or their representatives matters of procedure in connection with such proceeding. Insofar as the provisions of this section are inconsistent with the provisions of Regulation 1544 of the publication entitled "Regulations of the U. S. Department of Agriculture," the provisions of this section shall prevail.

§ 132.17 *Additional documents to be filed with hearing clerk.* In addition to the documents or papers required or authorized by the foregoing provisions of this subpart to be filed with the hearing clerk, the hearing clerk shall receive for

filing and shall have custody of all papers, reports, records, orders, and other documents which relate to the administration of any marketing agreement or marketing order and which the Secretary is required to issue or to approve.

§ 132.52 *Institution of proceeding—*

(a) *Filing and service of petition.* Any handler desiring to complain that any marketing order or any provision of any such order or any obligation imposed in connection therewith is not in accordance with law, shall file with the hearing clerk, in quadruplicate, a petition in writing addressed to the Secretary. Promptly upon receipt of the petition, the hearing clerk shall transmit a true copy thereof to the Chief and the Solicitor, respectively.

(b) *Contents of petition.* A petition shall contain:

(1) The correct name, address, and principal place of business of the petitioner. If petitioner is a corporation, such fact shall be stated, together with the name of the State of incorporation, the date of incorporation, and the names, addresses, and respective positions held by its officers and directors; if an unincorporated association, the names and addresses of its officers, and the respective positions held by them; if a partnership, the name and address of each partner.

(2) Reference to the specific terms or provisions of the order, or the interpretation or application thereof, which are complained of.

(3) A full statement of the facts (avoiding a mere repetition of detailed evidence) upon which the petition is based, and which it is desired that the Secretary consider, setting forth clearly and concisely the nature of the petitioner's business and the manner in which petitioner claims to be affected by the terms or provisions of the order, or the interpretation or application thereof, which are complained of.

(4) A statement of the grounds on which the terms or provisions of the order, or the interpretation or application thereof, which are complained of, are challenged as not in accordance with law.

(5) Prayers for the specific relief which the petitioner desires the Secretary to grant.

(6) An affidavit by the petitioner, or, if the petitioner is not an individual, by an officer of the petitioner having knowledge of the facts stated in the petition, verifying the petition and stating that it is filed in good faith and not for purposes of delay.

(c) *Insufficient petitions; amendments.* The hearing hereinafter provided for shall be held only upon a petition, or the portion thereof, which, as determined by the Chief and approved by the Solicitor, raises a question whether a marketing order, or any term

or provision thereof, or any obligation imposed in connection therewith, is in accordance with law. If the Chief, with the approval of the Solicitor, finds that any petition does not substantially comply, in form and content, with the act or the regulations in this part promulgated thereunder, or is not filed in good faith or is filed for the purposes of delay, the Chief shall so notify the petitioner, and the Chief shall, in the name of the Secretary, dismiss the petition without further procedure: *Provided*, That the petitioner shall be permitted, within 10 days following the mailing of the notice of the insufficiency of the petition, to file a supplemental or an amended petition which does substantially comply, in form and content, with the act and said regulations.

§ 132.53 *Withdrawal of petition.* If, at any time after the petition is filed, the petitioner desires to withdraw the same, he shall file with the hearing clerk (or, if filed during the course of a hearing, with the presiding officer) a written request for permission to withdraw. The Secretary may, in his discretion, thereupon dismiss the petition without further procedure: *Provided*, That, if the request to withdraw is filed after a hearing has been opened, permission to withdraw shall be granted only in exceptional circumstances.

§ 132.54 *Docket number.* Each proceeding, immediately following its institution, shall be assigned a docket number by the hearing clerk and thereafter the proceeding may be referred to by such number.

§ 132.55 *Presiding officers—(a) Designation and assignment.* The Secretary shall from time to time, designate employees of the Department to serve as presiding officers in proceedings under the act. No person who (1) has any pecuniary interest in the outcome of the proceeding or (2) has participated in the investigation preceding the institution of the proceeding shall serve as presiding officer in such proceeding.

(b) *Status and conduct.* In the discharge of his duties in connection with any proceeding to which he has been assigned, the presiding officer shall be subject to the direction and control of the Secretary only, although he may avail himself of the advice of the Solicitor on questions of law or procedure. He shall conduct such proceeding in a fair and impartial manner and shall not discuss *ex parte* the merits of the proceeding with any person who is or who has been connected in any manner with the proceeding in an advocative or investigative capacity.

(c) *Powers of presiding officers.* Subject to review by the Secretary, as provided elsewhere in this subpart, the presiding officer, in any proceeding assigned to him by the Solicitor, shall have power to:

- (1) Rule upon motions and requests.
- (2) Adjourn the hearing from time to time, and change the time and place of hearing.
- (3) Administer oaths and affirmations and take affidavits.

(4) Issue subpoenas, under the facsimile signature of the Secretary, requiring the attendance and testimony of witnesses and the production of books, records, contracts, papers, and other documentary evidence.

(5) Summon and examine witnesses and receive evidence.

(6) Take or order, under the facsimile signature of the Secretary, the taking of depositions.

(7) Admit or exclude evidence.

(8) Hear oral argument on facts or law.

(9) Consolidate hearings upon two or more petitions pertaining to the same order.

(10) Do all acts and take all measures necessary for the maintenance of order at the hearing and the efficient conduct of the proceeding.

(d) *Who may act in absence of presiding officer.* In case of the absence, illness, resignation, or death of the presiding officer who has been assigned to a proceeding, or, in case the Solicitor determines that, for other good cause, such presiding officer should not act, the powers and duties to be performed by him under these rules of practice in connection with such proceeding may, subject to the provisions of paragraph (a) of this section, be assigned to any other employee of the Department whom the Secretary shall have designated to serve as a presiding officer in proceedings under the act.

§ 132.56 *Consolidated hearings.* At the discretion of the Solicitor or the presiding officer, hearings upon two or more petitions pertaining to the same order may be consolidated, and the evidence taken at such consolidated hearing may be embodied in a single record.

§ 132.57 *Intervention.* Intervention in proceedings subject to this subpart shall not be allowed, except that, in the discretion of the Secretary or the presiding officer, any person (other than the petitioner) showing a substantial interest in the outcome of a proceeding shall be permitted to participate in the oral argument and to file a brief.

§ 132.58 *Prehearing conferences.* In any proceeding in which it appears that such procedure will expedite the proceeding, the presiding officer, at any time prior to the commencement of or during the course of the hearing, may request the parties or their counsel to appear at a conference before him to consider (a) the simplification of issues; (b) the possibility of obtaining stipulations of fact and of documents which will avoid unnecessary proof; (c) the limitation of the number of expert or other witnesses; and (d) such other matters as may expedite and aid in the disposition of the proceeding. No transcript of such conference shall be made, but the presiding officer shall prepare and file for the record a written summary of the action taken at the conference, which shall incorporate any written stipulations or agreements made by the parties at the conference or as a result of the conference. If the circumstances are such that a conference is impracticable, the pre-

siding officer may request the parties to correspond with him for the purpose of accomplishing any of the objects set forth in this section. The presiding officer shall forward copies of letters and documents to the parties as the circumstances require. Correspondence in such negotiations shall not be a part of the record, but the presiding officer shall submit a written summary for the record if any action is taken.

§ 132.59 *Motions and requests—(a) General.* All motions and requests shall be filed with the hearing clerk, except that those made during the course of an oral hearing may be filed with the presiding officer or may be stated orally and made a part of the transcript.

The presiding officer is authorized to rule upon all motions and requests filed or made prior to the transmittal by the hearing clerk to the Secretary of the record as hereinafter provided. The Secretary shall rule upon all motions and requests filed after that time.

(b) *Certification of motions.* The submission or certification of any motion, request, objection, or other question to the Secretary prior to the transmittal of the record to the Secretary, as hereinafter provided, shall be in the discretion of the presiding officer.

§ 132.60 *Oral hearings before presiding officer—(a) Time and place.* The Solicitor or the presiding officer shall set a time and place for hearing and shall file with the hearing clerk a notice stating the time and place of hearing. If any change in the time or place of hearing becomes necessary, it shall be made by the presiding officer, who, in such event, shall file with the hearing clerk a notice of the change. Such notice shall be served upon the parties, unless it is made during the course of an oral hearing and made a part of the transcript.

(b) *Appearances—(1) Representation.* In any proceeding under the act, the parties may appear in person or by counsel or other representative. The Department, if represented by counsel, shall be represented by an attorney assigned by the Solicitor of the Department, and such attorney shall present or supervise the presentation of the position of the Department.

(2) *Debarment of counsel or representative.* Whenever, while a proceeding is pending before him, the presiding officer finds that a person acting as counsel or representative for any party to the proceeding is guilty of unethical or unprofessional conduct, the presiding officer may order that such person be precluded from further acting as counsel or representative in such proceeding. An appeal to the Secretary may be taken from any such order, but the proceeding shall not be delayed or suspended pending disposition of the appeal: *Provided*, That the presiding officer may suspend the proceeding for a reasonable time for the purpose of enabling the client to obtain other counsel or representative.

In case the presiding officer has issued an order precluding a person from further acting as counsel or representative

in the proceeding, the presiding officer, within a reasonable time thereafter, shall submit to the Secretary a report of the facts and circumstances surrounding the issuance of the order and shall recommend what action the Secretary should take respecting the appearance of such person as counsel or representative in other proceedings before the Secretary. Thereafter, the Secretary may, after notice and an opportunity for hearing, issue such order respecting the appearance of such person as counsel or representative in proceedings before the Secretary as the Secretary finds to be appropriate.

(3) *Failure to appear.* If the petitioner, after being duly notified, fails to appear at the hearing, he shall be deemed to have authorized the Secretary, without further procedure, to dismiss the proceeding with or without prejudice, as the Secretary may determine. In the event that the petitioner appears at the hearing and no representative of the Department appears, the presiding officer shall proceed *ex parte* to hear the evidence of the petitioner: *Provided*, That failure on the part of such representative of the Department to appear at a hearing shall not be deemed to be a waiver of the Department's right to file suggested findings of fact, conclusions, and order; to be served with a copy of the presiding officer's report; and to file exceptions with and to submit argument before the Secretary with respect thereto.

(c) *Order of proceeding.* Except as may be determined otherwise by the presiding officer, the petitioner shall proceed first at the hearing.

(d) *Evidence—(1) In general.* The hearing shall be publicly conducted, and the testimony given at the hearing shall be reported verbatim.

The testimony of witnesses at a hearing shall be upon oath or affirmation and subject to cross-examination.

Any witness may, in the discretion of the presiding officer, be examined separately and apart from all other witnesses except those who may be parties to the proceeding.

The presiding officer shall exclude, insofar as practicable, evidence which is immaterial, irrelevant, or unduly repetitious, or which is not of the sort upon which responsible persons are accustomed to rely.

(2) *Objections.* If a party objects to the admission or rejection of any evidence or to the limitation of the scope of any examination or cross-examination, he shall state briefly the grounds of such objection, whereupon an automatic exception will follow if the objection is overruled by the presiding officer. The transcript shall not include argument or debate thereon, except as ordered by the presiding officer. The ruling of the presiding officer on any objection shall be a part of the transcript.

Only objections made before the presiding officer may subsequently be relied upon in the proceeding.

(3) *Depositions.* The deposition of any witness shall be admitted, in the manner hereinafter provided in and subject to the provisions of § 132.61.

(4) *Affidavits.* Except as is otherwise provided in this subpart, affidavits may be admitted only if the evidence is otherwise admissible and the parties agree (which may be determined by their failure to make timely objections) that affidavits may be used.

(5) *Proof and authentication of official records or documents.* An official record or document, when admissible for any purpose, shall be admissible in evidence without the production of the person who made or prepared the same. Such record or document shall, in the discretion of the presiding officer, be evidenced by an official publication thereof or by a copy attested by the person having legal custody thereof and accompanied by a certificate that such person has the custody.

(6) *Exhibits.* All written statements, charts, tabulations, or similar data offered in evidence at the hearing shall, after identification by the proponent and upon a satisfactory showing of the admissibility of the contents thereof, be numbered as exhibits and received in evidence and made a part of the record. Except where the presiding officer finds that the furnishing of copies is impracticable, a copy of each exhibit, in addition to the original, shall be filed with the presiding officer for the use of each other party to the proceeding. The presiding officer shall advise the parties as to the exact number of copies which will be required to be filed and shall make and have noted on the record the proper distribution of the copies.

If the testimony of a witness refers to a statute, or to a report, document, or transcript, the presiding officer, after inquiry relating to the identification of such statute, report, document, or transcript, shall determine whether the same shall be produced at the hearing and physically be made a part of the evidence as an exhibit, or whether it shall be incorporated into the evidence by reference. If relevant and material matter offered in evidence is embraced in a report, document, or transcript containing immaterial or irrelevant matter, such immaterial or irrelevant matter shall be excluded and shall be segregated insofar as practicable, subject to the direction of the presiding officer.

(7) *Official notice.* Official notice will be taken of such matters as are judicially noticed by the courts of the United States and of any other matter of technical, scientific, or commercial fact of established character: *Provided*, That the parties shall be given adequate notice, at the hearing or by reference in the presiding officer's report or the tentative order or otherwise, of matters so noticed, and (except where official notice is taken, for the first time in the proceeding, in the final order) shall be given adequate opportunity to show that such facts are erroneously noticed.

(8) *Offer of proof.* Whenever evidence is excluded from the record, the party offering such evidence may make an offer of proof, which shall be included in the transcript. The offer of proof shall consist of a brief statement describing the evidence to be offered.

If the evidence consists of a brief oral statement or of an exhibit, it shall be inserted into the transcript in toto. In such event, it shall be considered a part of the transcript if the Secretary decides that the presiding officer's ruling in excluding the evidence was erroneous. The presiding officer shall not allow the insertion of such evidence in toto if the taking of such evidence will consume a considerable length of time at the hearing. In the latter event, if the Secretary decides that the presiding officer erred in excluding the evidence, and that such error was substantial, the hearing shall be reopened to permit the taking of such evidence.

(e) *Oral argument before presiding officer.* Oral argument before the presiding officer shall be allowed unless the presiding officer finds that the denial of such argument will not deprive the parties of an adequate opportunity for oral argument subsequently in the proceeding. Such argument may be limited by the presiding officer to any extent that he finds necessary for the expeditious disposition of the proceeding and shall be reduced to writing and made part of the transcript.

(f) *Transcript.* A copy of the transcript shall be kept on file in the office of the hearing clerk, where it shall be available for examination during official hours of business. Such copy shall remain the property of the Department and may not be removed from said office.

If a personal copy of the transcript is desired, such copy may be obtained upon written application filed with the reporter, and upon payment of fees at the rate (if any) provided in the contract between the reporter and the Secretary.

§ 132.61 *Depositions—(a) Procedure in lieu of deposition.* Before any party may be entitled to have testimony taken by deposition, such party shall submit to the other party an affidavit which shall set forth the facts to which the witness would testify, if the deposition should be taken. If, after examination of such affidavit, the other party agrees, or (within 10 days after submission of the affidavit) fails to object, that the affidavit may be used in lieu of the deposition, the presiding officer shall admit the affidavit in evidence and shall not order the deposition to be taken.

(b) *Application for taking deposition.* Upon the application of a party to the proceeding, the presiding officer may, at any time after the filing of the moving paper, order, under the facsimile signature of the Secretary, the taking of testimony by deposition. The application shall be in writing and shall be filed with the hearing clerk and shall set forth: (1) the name and address of the proposed deponent; (2) the name and address of the person (referred to herein after in this section as the "officer"), qualified under the rules in this part to take depositions, before whom the proposed examination is to be made; (3) the proposed time and place of the examination, which shall be at least 15 days after the date of the mailing of the application; and (4) the reasons why such deposition should be taken.

(c) *Presiding officer's order for taking deposition.* If, after the examination of the application, the presiding officer is of the opinion that the deposition should be taken, he shall order its taking. The order shall be filed with the hearing clerk and shall be served upon the parties and shall state: (1) the time and place of the examination (which shall not be less than 10 days after the filing of the order); (2) the name of the officer before whom the examination is to be made; (3) the name of the deponent. The officer and the time and place need not be the same as those suggested in the application.

(d) *Qualifications of officer.* The deposition shall be taken before the presiding officer, or before an officer authorized by the law of the United States or by the law of the place of the examination to administer oaths, or before an officer authorized by the Secretary to administer oaths.

(e) *Procedure on examination.* The deponent shall be examined under oath or affirmation and shall be subject to cross-examination. The testimony of the deponent shall be recorded by the officer or by some person under his direction and in his presence. In lieu of oral examination, parties may transmit written interrogatories to the officer prior to the examination and the officer shall propound such interrogatories to the deponent.

The applicant must arrange for the examination of the witness either by oral examination or by written interrogatories. If it is found by the presiding officer, upon the protest of a party to the proceeding, that such party has his residence and his place of business more than 100 miles from the place of the examination and that it would constitute an undue hardship upon such party to be represented at the examination, the applicant will be required to conduct the examination by means of interrogatories. When the examination is conducted by means of interrogatories, copies of the interrogatories shall be served upon the other parties to the proceeding at least five days prior to the date set for the examination, and the other parties shall be afforded an opportunity to file with the officer cross-interrogatories at any time prior to the time of the examination.

(f) *Certification by officer.* The officer shall certify on the deposition that the deponent was duly sworn by him and that the deposition is a true record of the deponent's testimony. He shall then securely seal the deposition, together with two copies thereof, in an envelope and mail the same by registered mail to the hearing clerk.

(g) *Use of depositions.* A deposition ordered and taken in accord with the provisions of this section may be used in a proceeding under the act if the presiding officer finds that the evidence is otherwise admissible and (1) that the witness is dead; or (2) that the witness is at a distance greater than 100 miles from the place of hearing, unless it appears that the absence of the witness was procured by the party offering the deposition; or (3) that the witness is

unable to attend or testify because of age, sickness, infirmity, or imprisonment; or (4) that the party offering the deposition has endeavored to procure the attendance of the witness by subpoena but has been unable to do so; or (5) that such exceptional circumstances exist as to make it desirable, in the interests of justice, to allow the deposition to be used. If a deposition has been taken, and the party upon whose application it was taken refuses to offer it in evidence, the other party may offer the deposition or any part thereof, in evidence.

§ 132.62 *Subpoenas*—(a) *Issuance of subpoenas.* The attendance of witnesses and the production of documentary evidence from any place in the United States on behalf of any party to the proceeding may, by subpoena, be required at any designated place of hearing. Subpoenas may be issued by the Secretary or by the presiding officer, under the facsimile signature of the Secretary, upon a reasonable showing by the applicant of the grounds, necessity, and reasonable scope thereof.

(b) *Application for subpoena duces tecum.* Subpoenas for the production of documentary evidence, unless issued by the presiding officer upon his own motion, shall be issued only upon a verified written application. Such application shall specify, as exactly as possible, the documents desired and shall show their competency, relevancy, and materiality and the necessity for their production.

(c) *Service of subpoenas.* Subpoenas may be served (1) by a United States Marshal or his deputy, or (2) by any other person who is not less than 18 years of age, or (3) by registering and mailing a copy of the subpoena addressed to the person to be served at his or its last known residence or principal place of business or residence. Proof of service may be made by the return of service on the subpoena by the United States Marshal or his deputy; or, if served by an individual other than a United States Marshal or his deputy, by an affidavit of such person stating that he personally served a copy of the subpoena upon the person named therein; or, if service was by registered mail, by an affidavit made by the person mailing the subpoena that it was mailed as provided herein and by the signed return postoffice receipt: *Provided*, That, if the subpoena is issued on behalf of the Department, the return receipt without an affidavit of mailing shall be sufficient proof of service. In making personal service, the person making service shall leave a copy of the subpoena with the person subpoenaed; the original, bearing or accompanied by the required proof of service, shall be returned to the official who issued the same.

§ 132.63 *Fees and mileage.* Witnesses who are subpoenaed and who appear in such proceeding, including witnesses whose depositions are taken, shall be paid the same fees and mileage that are paid witnesses in the courts of the United States, and persons taking depositions shall be entitled to the same fees as are paid for like services in the courts of the

United States, to be paid by the party at whose request the deposition is taken. Witness fees and mileage shall be paid by the party at whose instance the witnesses appear, and claims therefor, as to witnesses subpoenaed on behalf of the Department, shall be proved before the person issuing the subpoena, and, as to witnesses subpoenaed on behalf of any other party, shall be presented to such party.

§ 132.64 *The presiding officer's report*—(a) *Filing the transcript of evidence.* As soon as practicable after the close of the hearing, the presiding officer shall transmit to the hearing clerk an original and three copies of the transcript of the testimony and the original and all copies of the exhibits not already on file in the office of the hearing clerk. The presiding officer shall attach to the original transcript of testimony his certificate stating that, to the best of his knowledge and belief, the transcript is a true, correct, and complete transcript of the testimony given at the hearing, except in such particulars as he shall specify, and that the exhibits transmitted are all the exhibits received in evidence at the hearing, with such exceptions as he shall specify. A copy of such certificate shall be attached to each copy of the transcript of testimony. In accordance with such certificate the presiding officer shall note on the original transcript, and the hearing clerk shall note upon each copy of the transcript, each correction detailed in such certificate by adding or crossing out (but without obscuring the text as originally transcribed) at the appropriate places any words necessary to make the text conform to the correct meaning, as certified by the presiding officer.

Immediately following the filing of the transcript, the hearing clerk shall advise each party to the proceeding as to the date of such filing.

(b) *Suggested findings of facts, conclusions, and orders.* Within 10 days (unless the presiding officer shall have announced at the hearing a shorter or longer period of time) after the transcript has been filed with the hearing clerk, as provided in paragraph (a) of this section, each party may file with the hearing clerk suggested findings of fact, conclusions, and order, based solely upon the evidence of record, and briefs in support thereof.

(c) *Presiding officer's report.* The presiding officer, within a reasonable time after the termination of the period allowed for the filing of suggested findings of fact, conclusions, and orders, and briefs in support thereof, shall prepare, upon the basis of the evidence received at the hearing, and shall file with the hearing clerk, his report, a copy of which (together with notification of the date fixed by the presiding officer for the filing of exceptions thereto) shall be served by the hearing clerk upon each of the parties.

(d) *Exceptions.* Within a period of time (to be fixed by the presiding officer but not to exceed 20 days) after the filing of the presiding officer's report, the parties may file exceptions to the re-

port. Any party who desires to take exception to any matter set out in the report shall transmit his exceptions in writing to the hearing clerk, referring, where practicable, to the relevant pages of the transcript, and suggesting a corrected finding of fact, conclusion, or order. Within the same period of time, each party shall transmit to the hearing clerk a brief statement in writing concerning each of the objections taken to the action of the presiding officer, as set out in § 132.60, upon which the party wishes to rely, referring, where practicable, to the pertinent pages of the transcript. A party, if he files exceptions or a statement of objections, shall state in writing whether he desires to make an oral argument thereon before the Secretary; otherwise, it shall be considered that he does not desire to make such oral argument.

(e) *Revision of presiding officer's report.* If exceptions are filed to the presiding officer's report, as provided in paragraph (d) of this section, the presiding officer, after consideration of such exceptions, shall make and file with the hearing clerk a draft of the findings of fact, conclusions, and final order of the Secretary, which shall include such revision of his report as he deems to be appropriate in view of such exceptions.

§ 132.65 *Transmittal of record.* The hearing clerk, immediately following the filing of the revision of the presiding officer's report, or upon notification by the presiding officer that no revision will be made, shall transmit to the Secretary the record of the proceeding. Such record shall include: the petition; motions and requests filed with the hearing clerk, and rulings thereon; the transcript of the testimony taken at the hearing, together with the exhibits filed therein; any documents or papers filed in connection with prehearing conferences; such suggested findings of fact, conclusions, and orders, and briefs in support thereof, as may have been filed in connection with the hearing; the presiding officer's report; such exceptions, statements of objections, and briefs in support thereof, as may have been filed in the proceeding; and the presiding officer's draft of the findings of fact, conclusions, and final order of the Secretary.

§ 132.66 *Argument before Secretary—*
(a) *Oral argument.* Unless a party has included in his exceptions a request for oral argument or has filed a separate request for oral argument prior to the expiration of the last date for filing such exceptions, it shall be considered that he does not desire to make such oral argument. The granting of a request to make oral argument shall rest in the discretion of the Secretary.

(b) *Briefs.* The parties may, in the discretion of the Secretary, file written briefs either in addition to oral argument or in lieu thereof.

(c) *Scope of argument.* Except where the Secretary determines that argument on additional issues would be helpful, argument, whether oral or in a written brief, shall be limited to the issues raised by the exceptions and statement of objections, or to such issues as

the Secretary may indicate. If the Secretary determines that additional issues should be argued, counsel for the parties shall be given reasonable notice of such determination, so as to permit the preparation of adequate argument on all the issues to be argued.

§ 132.67 *Consideration and issuance of order—*(a) *Consideration of order.* As soon as practicable after the receipt of the record from the hearing clerk, or, in case argument was had, as soon as practicable thereafter, the Secretary, upon the basis of the record, shall begin his consideration of the final order to be issued in the proceeding. If an oral argument was held, the order shall be considered by and shall be issued over the signature of the official who heard such oral argument, unless the parties shall consent to a different arrangement. At no stage of the proceeding between its institution and the issuance of the order shall the Secretary discuss *ex parte* the merits of the proceeding with any person who is connected with the proceeding in an advocative or an investigative capacity, or with any representative of such person: *Provided, however,* That the Secretary may discuss the merits of the proceeding with such a person if all parties to the proceeding, or their representatives, have been given an opportunity to be present. If, notwithstanding the foregoing provisions of this section, a memorandum or other communication from any party, or from any person acting on behalf of any party, which relates to the merits of the proceeding, receives the personal attention of the Secretary (or, if an official other than the Secretary is to issue the order, then of such other official) during the pendency of the proceeding, such memorandum or communication shall be regarded as argument made in the proceeding and shall be filed with the hearing clerk, who shall serve a copy thereof upon the opposite party to the proceeding, and opportunity shall be given the opposite party to file a reply thereto.

(b) *Issuance of order.* The order shall be issued and served upon the parties as the final order in the proceeding without further procedure: *Provided,* That, if the terms of the order differ substantially from those proposed in the report of the presiding officer, the Secretary shall, if he deems it advisable to do so, direct that a copy of the order be served upon the parties as a tentative order; and, in such event, opportunity shall be given the parties to file exceptions thereto and written arguments or briefs in support of such exceptions. In such case, if exceptions are filed within a period of time (to be fixed by the Secretary but not to exceed 20 days) following the service of the tentative order, the Secretary shall give consideration to and shall make such changes in the tentative order as he deems to be appropriate; otherwise, the tentative order shall become final, as of the day following the date of expiration of the period fixed for the filing of exceptions.

§ 132.68 *Applications for reopening hearings; for rehearings or rearguments*

of proceedings; or for reconsideration of orders—(a) *Petition requisite—*(1) *Filing; service.* An application for reopening the hearing to take further evidence, or for rehearing or reargument of the proceeding, or for reconsideration of the order shall be made by petition addressed to the Secretary and filed with the hearing clerk, who immediately shall notify and serve a copy thereof upon the other party to the proceeding. Every such petition shall state specifically the grounds relied upon.

(2) *Petitions to reopen hearings.* A petition to reopen the hearings for the purpose of taking additional evidence may be filed at any time prior to the issuance of the final order. Every such petition shall state briefly the nature and purpose of the evidence to be adduced, shall show that such evidence is not merely cumulative, and shall set forth a good reason why such evidence was not adduced at the hearing.

(3) *Petitions to rehear or reargue proceedings, or to reconsider orders.* A petition to rehear or reargue the proceeding or to reconsider the order issued pursuant to the proceeding shall be filed within 15 days after the date of the service of such order. Every such petition shall state specifically the matters claimed to have been erroneously decided, and alleged errors must be briefly stated.

(b) *Procedure for disposition of petitions.* Within 10 days following the service of any petition provided for in this section, the other party to the proceeding shall file with the hearing clerk an answer thereto. As soon as practicable thereafter, the Secretary shall announce the decision granting or denying the petition. Unless the Secretary shall determine otherwise, the issuance or operation of the order shall not be stayed pending the decision of the Secretary upon the petition. In the event that any such petition is granted by the Secretary, the applicable rules of practice, as set out elsewhere in this subpart, shall be followed.

§ 132.69 *Filing; service; extensions of time; effective date of filing; and computation of time—*(a) *Filing; number of copies.* Except as provided otherwise herein, all documents or papers required or authorized in this subpart to be filed with the hearing clerk shall be filed in quadruplicate: *Provided,* That, if there are more than two parties to the proceeding, a sufficient number of additional copies shall be filed so as to provide for service upon all the parties to the proceeding. Any document or paper, required or authorized in this subpart to be filed with the hearing clerk, shall, during the course of an oral hearing, be filed with the presiding officer.

(b) *Service; proof of service.* Copies of all such papers shall be served upon the parties by the hearing clerk, by the presiding officer, or by some other employee of the Department or by a United States Marshal or his deputy. Service shall be made either (1) by delivering a copy of the document or paper to the individual to be served or to a member of the partnership to be served or to the

president, secretary, or other executive officer or any director of the corporation, organization, or association to be served, or to the attorney or agent of record of such individual, partnership, corporation, organization, or association; or (2) by leaving a copy of the document or paper at the principal office or place of business of such individual, partnership, corporation, organization, or association, or to his or its attorney or agent of record; or (3) by registering and mailing a copy of the document or paper, addressed to such individual, partnership, corporation, organization, or association, or to his or its attorney or agent of record, at his or its last known principal office, place of business, or residence. Proof of service hereunder shall be made by the affidavit of the person who actually made the service: *Provided*, That, if the service is made by registered mail, as outlined in (3) above, proof of service shall be made by the return post-office receipt. The affidavit or post-office receipt contemplated herein shall be filed with the hearing clerk, and the fact of filing thereof shall be noted on the docket of the proceeding.

(c) *Extensions of time.* The time for the filing of any document or paper required or authorized in this subpart to be filed may be extended by the presiding officer (before the transmittal of the record to the Secretary) or by the Secretary (after such transmittal), upon request, if, in the judgment of the presiding officer or the Secretary, as the case may be, there is good reason for the extension.

(d) *Effective date of filing.* Any document or paper, except a petition filed pursuant to § 132.52, required or authorized under these rules to be filed, shall be deemed to have been filed when it is post-marked or when it is received by the hearing clerk. Any petition filed under § 132.52 shall be deemed to be filed when it is received by the hearing clerk.

(e) *Computation of time.* Sundays and Federal holidays shall be included in computing the time allowed for the filing of any document or paper: *Provided*, That, when such time expires on a Sunday or legal holiday, such time shall be extended to include the next following business day.

ORDER GRANTING RELIEF

Order granting temporary relief and conditionally providing for final relief in the matter of the petition of District Board No. 1 for establishment of price classifications and minimum prices for certain mines in District No. 1 and for a change in railroad shipping points for certain other mines in District No. 1.

An original petition, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, having been duly filed with this Division by the above-named party, requesting the establishment, both temporary and permanent, of price classifications and minimum prices for the coals of certain mines in District No. 1 for which price classifications and minimum prices have not heretofore been prescribed and requesting changes in the railroad shipping points for the coals of certain mines in District No. 1; and

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; and

No petitions of intervention having been filed with the Division in the above-entitled matter; and

The following action being deemed necessary in order to effectuate the purposes of the Act;

It is ordered, That pending final disposition of the above-entitled matter, temporary relief is granted as follows: Commencing forthwith, § 321.7 (*Alphabetical list of code members*) is amended by adding thereto Supplement R, and § 321.24 (*General prices*) is amended by

adding thereto Supplement T, which supplements are hereinafter set forth and hereby made a part hereof.

PART 321—MINIMUM PRICE SCHEDULE, DISTRICT No. 1

ORDER GRANTING RELIEF

Order amending order in the matter of the petition of District Board No. 1 for the establishment of price classifications and minimum prices for rail and truck

shipments and changes in shipping points for the coals of certain mines in District No. 1.

In the schedule marked Supplement R attached to and made a part of the Order Granting Temporary Relief and Conditionally Providing for Final Relief issued April 15, 1943, 8 F.R. 5704, in the above-entitled matter, the Lichtenfels Mine of Luther Shirley (Shirley Bros.

Coal Company No. 1 and No. 2) Mine Index No. 3200, was shown to be classified "H" only in Size Groups 3 and 4, whereas in Docket No. A-1384, such mine was given an "H" classification in Size Group 1, as well as Size Groups 3 and 4. It appears, therefore, that Supplement R should be corrected, so as to show said mine classified "H" in Size Group 1, as well as in Size Groups 3 and 4.

In the schedules marked Supplement R, § 321.7 (*Alphabetical list of code members*) and Supplement T, § 321.24 (*General prices*), the mine name for the Penna. #17-D Mine of the Pennsylvania Coal and Coke Corporation was inadvertently printed as the Penna. #17-D, instead of Penna. #17-D. It appears, therefore, that this should be corrected.

Accordingly, *It is so ordered*.

PART 329—MINIMUM PRICE SCHEDULE,
DISTRICT No. 9

MEMORANDUM OPINION AND ORDER
REVISING PRICES

Memorandum opinion and order of the Director in the matter of the petition of District Board No. 9 for the revision of minimum prices for the coals of the Wolf Hills Mine (Mine Index No. 530) of the Wolf Hills Coal Company for truck shipments.

This proceeding was instituted upon a petition¹ filed July 31, 1942 with the Bituminous Coal Division by District Board 9, pursuant to section 4 II (d) of the Bituminous Coal Act of 1937. The petition herein requested that the minimum prices for shipment by truck established for the coals in Size Groups 1-4, inclusive, produced at the Wolf Hills Mine (Mine Index No. 530) of the Wolf Hills Coal Company, be increased 30 cents per ton.

Pursuant to appropriate order and after due notice to interested persons, a hearing in this matter was held on September 22, 1942, before Floyd McGowan, a duly designated Examiner of the Division at a hearing room thereof in Washington, D. C. Interested persons were afforded an opportunity to be present, adduce evidence, cross-examine witnesses and otherwise be heard. Petitioner appeared and at the conclusion of the hearing waived the preparation and filing of a report by the Examiner. The matter was thereupon submitted to me.

The Wolf Hills Mine (Mine Index No. 530) of the Wolf Hills Coal Company, with seven other mines² forms a group

of truck mines, located in the northern part of Henderson County, Kentucky, the coals of which are mined from the No. 9 seam and compete with one another principally in Henderson, Kentucky, and Evansville, Indiana. According to Thomas H. Green, the member of District Board 9 representing Henderson County truck mines, and the only witness at the hearing, the coal produced at the Wolf Hills Mine³ is analogous in structure, quality and consumer acceptability and is "practically the same coal" as that produced by these seven truck mines in the competitive group. In addition, the Wolf Hills Mine in its location has a decided advantage over these seven mines, since it is closer to the main market of Evansville, Indiana, and, except for the Keystone Mine (Mine Index No. 42) is closer to Henderson than any other Henderson County mine. The Wolf Hills Mine is three miles distant from the city limits both of Henderson and Evansville; whereas the other mines in the group are five to ten miles distant from these markets.

The witness explained that due to a misapprehension on the part of the district board as to the location of the Wolf Hills Mine in the so-called Hebbardsville district in southern Henderson County and in the belief that it had to haul its coals longer and over rougher terrain for shipment into Henderson and Evansville, minimum prices were established for Wolf Hills Mine coals in Size Groups 1 to 4, inclusive, identical with the prices established for coals, similarly sized, produced by truck mines in the Hebbardsville district, and 30 cents per ton lower than the coals in similar sizes produced by the northern Henderson County truck mines, referred to above, with which the Wolf Hills Mine comes into direct com-

petition. Dissatisfaction with this minimum price differential between the Wolf Hills Mine coals in Size Groups 1 to 4, inclusive, and similarly sized coals produced by these northern Henderson County truck mines has always existed.⁴ The Wolf Hills Mine coals in Size Groups 1 to 4, inclusive, have been sold at 30 cents a ton higher than their applicable minimum prices, and at the prices equal to those of similarly sized coals produced by the northern Henderson County mines until Maximum Price Regulation No. 120 established ceiling prices for truck shipment for District 9 coals at a level 25 cents above effective minimum prices, requiring a 5 cent decrease in the market prices of Wolf Hills Mine coals.

The record establishes that the coal in Size Group 1 to 4, inclusive, produced by the Wolf Hills Mine is comparable in quality and consumer acceptability, and is competitive with similarly sized coals produced by the seven truck mines in northern Henderson County. In view of the entire record, I find that the minimum prices for truck shipment applicable to the Wolf Hills Mine coal in Size Groups 1 to 4, inclusive, should be increased to equal the minimum prices for truck shipment applicable to similarly sized coals produced at these seven northern Henderson County mines, in order that relative market values may be reflected as nearly as possible and fair competitive opportunities among producers in northern Henderson County may be preserved.⁵ I find further that such price adjustment complies with the standards set forth in Sections 4 II (a) and (b) of the Act and is required to effectuate the purposes thereof. Upon the basis of the above findings of fact, and the entire record in this proceeding:

It is hereby ordered, That effective as of the date hereof, § 329.24 (General prices in cents per net ton for shipment into any market area) in the Schedule of Effective Minimum Prices for District No. 9 for Truck Shipment is amended by revising the effective minimum prices

¹ Upon the establishment of the lower minimum prices for the Wolf Hills Mine coal, all the mines in Henderson County petitioned the district board to request an increase of these prices to a parity with the minimum prices of coals produced by the northern Henderson County truck mines; on December 6, 1940, the district board instituted such a proceeding (Docket No. A-463) which was dismissed August 13, 1941, without prejudice, for procedural reasons. It also appears that although the Wolf Hills Coal Company has twice requested the district board to request an upward revision of Wolf Hills Mine coals in Size Groups 1 to 4, inclusive, the district board "delayed action on this matter through an oversight."

² It was also asserted that the minimum prices hitherto effective for Wolf Hills Mine coals in Size Groups 1 to 4, inclusive, placed at an unfair competitive disadvantage the coals produced in the Booneville District in District 11 moving into Evansville. Since no evidence was adduced as to the quality of the Booneville District coals or their effective minimum prices, it is unnecessary to pass upon the competitive relationship hitherto existing between Wolf Hills Mine coals and the Booneville District coals.

¹ In Docket No. A-1569 the petition requested the establishment of temporary and permanent price classifications and minimum prices for the coals of certain mines in District 9. By order, dated August 18, 1942, 7 F.R. 6823, temporary and conditionally final relief was granted as requested in the petition. No relief was granted the Wolf Hills Mine and that portion of Docket No. A-1569 relating thereto was severed from the remainder of Docket No. A-1569, designated Part II, and scheduled for hearing.

² These mines are Anthoston Mine (Mine Index No. 268), of Anthoston Coal Company, Eastin Mine (Mine Index No. 271) of George S. Eastin (Eastin Coal Company), Graham Hill Mine (Mine Index No. 272) of Graham

Hill Coal Company, Hot Stuff Mine (Mine Index No. 274) of J. L. Nicholson & Sons, Inc., Wilson Bros. Mine (Mine Index No. 278) of Wilson Brothers (formerly B. N. Roberts), Keystone Mine (Mine Index No. 42) of Tri-State Coal Company (formerly Southland Coal Company), and Zion Mine (Mine Index No. 280) of Zion Coal Co., Inc.

³ The record discloses that approximately 30,000 tons are produced annually at Mine Index No. 530. This output is sold entirely for delivery by truck.

for the coals produced by the Wolf Hills Mine (Mine Index No. 530) of the Wolf Hills Coal Company in Size Groups 1 to 4, inclusive, as follows:

Price.....	Size groups			
	1	2	3	4*
	\$2.40	\$2.40	\$2.30	\$2.20

* These minimum prices for truck shipment reflect the general 5 cent increase in price for District No. 9, directed by Order of the Director in General Docket 21, effective October 1, 1942, 7 F.R. 7859.

PART 962—IRON AND STEEL

[General Preference Order M-21, as Amended June 9, 1943]

Section 962.1 *General Preference Order M-21*, as heretofore amended, is hereby further amended to read as follows:

(a) *Purpose and scope.* This is the basic order covering the distribution of steel and iron products. Other rules for distribution, as well as for production and use, are contained in other War Production Board orders and regulations, which must also be complied with, except to the extent that their provisions are inconsistent with this order. With respect to steel, attention is called particularly to the various CMP regulations and to other orders in the M-21 series.

(b) *Definitions.* For the purposes of this order:

(1) "Steel" means carbon steel, alloy steel, and wrought iron, in the forms and shapes listed in Schedule 1. The term includes all types of second quality material and shearings (including material in the listed forms and shapes which is salvaged or recovered therefrom), except when sold as scrap within the maximum prices for scrap established by the Office of Price Administration.

(2) "Iron products" means cast iron pipe and all other iron castings, gray and malleable (rough as cast), including all items of ferrous foundry manufacture not classified as steel.

(3) "Producer" means any person who produces steel or iron products.

(c) *Deliveries of iron products and steel forgings.* Iron products and carbon or alloy steel forgings may not be delivered except:

(1) On orders bearing a preference rating of A-10 or higher, or

(2) As permitted under Priorities Regulation No. 13, or

(3) As specifically authorized or directed in writing by the War Production Board.

(d) *Deliveries of other steel products.* Other steel may not be delivered except:

(1) On authorized controlled material orders, or

(2) As permitted under Priorities Regulation No. 13, or

(3) By distributors as permitted under CMP Regulation No. 4, or

(4) To distributors as permitted under Order M-21-b-1 or M-21-b-2, or

(5) As specifically authorized or directed in writing by the War Production Board.

(e) *Identification of purchase orders—*

(1) *Iron products and steel forgings.* Iron products and carbon and alloy steel forgings are obtained on preference rated orders, and purchase orders for these products must be accompanied by a certification of the applicable rating as required by War Production Board regulations. In addition, such purchase orders should be identified in terms of the program for which the products will be used. Therefore, a person purchasing any of these products from a producer must furnish with his purchase order the CMP allotment number or symbol which has been assigned to him for acquiring controlled materials needed for the same

program. If the purchaser has no such allotment number or symbol, his purchase order should carry a statement in substantially the following form:

No CMP allotment number or symbol applicable.

No producer shall accept an order for, or make delivery of, iron products or carbon or alloy steel forgings unless a CMP allotment number or symbol, or the above statement, accompanies the purchase order.

(2) *Other steel.* Each purchaser of steel other than forgings shall furnish with his purchase order such information as may be required by applicable War Production Board regulations or orders.

(f) *Special directions.* The War Production Board may from time to time issue special directions to any person or persons as to the type, description, amount, source, or destination of steel or iron products to be produced, delivered, or acquired by such person or persons.

(g) *Violations.* Any person who willfully violates any provision of this order or who, in connection with this order, willfully conceals a material fact or furnishes false information to any department or agency of the United States, is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priorities control and may be deprived of priorities assistance.

(h) *Appeals.* Any appeal from the provisions of this order shall be made by letter referring to the particular provision appealed from and stating fully the grounds of the appeal.

(i) *Communications.* All communications concerning this order shall, unless otherwise directed, be addressed to Steel Division, War Production Board, Washington, D. C., Ref: M-21.

(j) *Effective date.* This order, as amended, shall become effective July 1, 1943.

Issued this 9th day of June 1943.

Recording Secretary.

PART 962—IRON AND STEEL

[Interpretation 1, as Amended June 9, 1943, of General Preference Order M-21]

Interpretation No. 1 of § 962.1 *General Preference Order M-21* is hereby amended to read as follows:

The terms "Steel" and "Iron products" as defined in General Preference Order M-21, as amended, do not include material which has been in use or service, nor material salvaged or recovered therefrom. The terms do include all types of second quality material, shearings, etc., whether generated in a producer's plant, or in the plant of a manufacturer or fabricator, (as well as material in the listed forms and shapes which is salvaged therefrom), except that such material when sold as scrap within OPA collings is not considered "Steel" or "Iron products".

For example, the restrictions of Order M-21 apply to side and end shearings, wire shorts and similar products generated at a steel mill. They also apply to the plate croppings generated at a shipyard or in the course of any other fabricating operation. Such material may be sold as scrap at scrap prices free of the restrictions of the order, but if such scrap material is salvaged by sorting or by some processing operation, it cannot be disposed of in any of the listed forms or shapes except in compliance with the order.

On the other hand, the restrictions of the order do not apply to used material such as line pipe which has been in use by an oil company for a period of time and is then picked up and reclaimed, or structural steel which is salvaged from a demolished building.

Issued this 9th day of June 1943.

PART 970—CHLORINATED HYDROCARBON REFRIGERANTS

[General Preference Order M-28 as Amended June 5, 1943¹]

Whereas, the national defense requirements have created a shortage of chlorinated hydrocarbon refrigerants for defense, for private account and for export, and it is necessary, in the public interest and to promote the defense of the United States to conserve the supply and direct the distribution thereof. Now, therefore, *It is hereby ordered, That:*

§ 970.1 *General Preference Order M-28—(a) Definitions.* For the purposes of this order:

¹This document is a restatement of Amendment 2 of M-28 which appeared in the FEDERAL REGISTER of June 8, 1943, page 7546, and reflects the order in its completed form as of June 5, 1943.

(1) "Chlorinated hydrocarbon refrigerants" means trichloromonofluoromethane, dichlorodifluoromethane, dichloromonofluoromethane, trichlorotrifluoroethane, and dichlorotetrafluoroethane.

(2) "Person" means any person, firm, corporation, or other form of business enterprise.

(3) "Producer" means any person engaged in the production of chlorinated hydrocarbon refrigerants and includes any person who has chlorinated hydrocarbon refrigerants produced for him pursuant to toll agreement.

(4) "Defense order" means:

(i) Any contract or order for material or equipment to be delivered to, or for the account of:

(a) The Army or Navy of the United States, the United States Maritime Commission, The Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Authority, the National Advisory Commission for Aeronautics, the Office of Scientific Research and Development;

(b) The government of any of the following countries: The United Kingdom, Canada and other Dominions, Crown Colonies and Protectorates of the British Empire, Belgium, China, Greece, The Kingdom of the Netherlands, Norway, Poland, Russia and Yugoslavia.

(ii) Any contract or order placed by any agency of the United States Government for delivery to, or for the account of, the government of any country listed above or any other country in the Western Hemisphere pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States," (Lend-Lease Act).

(iii) Any other contract or order to which the War Production Board assigns a preference rating of A-10 or higher.

(iv) Any contract or order placed or offered by any person for the delivery of any material all of which is to be physically incorporated into material or equipment to be delivered under specific contracts or orders included under (i), (ii), and (iii) above.

(b) *Preference ratings and directions.* Deliveries of chlorinated hydrocarbon refrigerants shall be made in accordance with the following directions:

(1) Deliveries under defense orders shall be made in preference to deliveries under all other orders whenever, and to the extent, necessary to assure fulfillment of the delivery schedule, specified in such defense orders or in any individual preference rating certificates assigned thereto, whichever schedule be earlier.

(2) Preference ratings, in order of precedence, are: AAA, AA-1, AA-2, AA-2X, AA-3, AA-4, etc.; A-1-a, A-1-b, etc.; A-2, A-3, etc.; B-1, B-2, etc.

(3) Deliveries under all defense orders which have not been assigned a higher preference rating are hereby assigned a preference rating of A-10.

(4) Defense orders for chlorinated hydrocarbon refrigerants, whether or not accompanied by a preference rating certificate, must be accepted and fulfilled

in preference to any other contracts or purchase orders for such material, subject to the following provisions:

(i) Defense orders must be accepted even if acceptance will render impossible, or result in deferment of, (a) deliveries under non-defense orders previously accepted, or (b) deliveries under defense orders previously accepted bearing lower preference ratings, unless rejection is specifically permitted by the War Production Board;

(ii) Defense orders need not be accepted:

(a) If delivery on schedule thereunder would be impossible by reason of the requirements of defense orders previously accepted bearing higher or equal preference ratings, unless acceptance is specifically directed by the War Production Board;

(b) If the person seeking to place the defense order is unwilling or unable to meet regularly established prices and terms of sale or payment, but there shall be no discrimination against defense orders in establishing such prices or terms;

(c) If the chlorinated hydrocarbon refrigerants ordered are not of the kinds usually produced or capable of being produced by the person to whom the defense order is offered;

(d) If such defense orders specify deliveries within fifteen days, and if compliance with such delivery dates would require the termination before completion of a specific production schedule already commenced.

(c) *Directions with respect to residual supply.* After providing for all deliveries under defense orders, giving preference among such deliveries in accordance with any preference ratings specifically assigned thereto, producers shall make deliveries of chlorinated hydrocarbon refrigerants under other contracts or orders in accordance with the following directions:

(1) Non-defense uses of chlorinated hydrocarbon refrigerants shall be divided into the following four classifications:

(i) *Classification I—Maintenance of refrigeration equipment already installed.* Maintenance of air conditioning equipment already installed in hospitals, clinics, and sanatoria.

(ii) *Classification II—Maintenance of industrial air conditioning already installed.*

(iii) *Classification III—Maintenance of air conditioning equipment already installed, not included in Classifications I and II.*

(iv) *Classification IV—Manufacture of new refrigeration equipment. Manufacture of new air conditioning equipment.*

(2) Supplies of chlorinated hydrocarbon refrigerants for non-defense uses, enumerated in Classification I, shall be given primary preference. If it appears, in any month, that the available supply for that month will exceed the amount estimated to be required for the uses enumerated under Classification I, supplies for non-defense uses enumerated under Classification II shall be given secondary preference. If it appears, in any month, that the available supply for that

month will exceed the amount estimated to be required for the uses enumerated under Classifications I and II, supplies for non-defense uses enumerated under Classification III shall be given tertiary preference. If it appears, in any month, that the available supply for that month will exceed the amount estimated to be required for the uses enumerated under Classifications I, II, and III, the residual supply shall be divided among users enumerated under Classification IV. If it appears, in any month, that the available supply for any classification is less than the existing demand in that classification, producers of such refrigerants shall allocate the available supply ratably among the users in accordance with the average monthly consumption by such users during the period July 1, 1940, to June 30, 1941.

(d) *Restriction on deliveries.* Notwithstanding the provisions of paragraphs (b) and (c) above, and notwithstanding the provisions of any other order, rule or regulation of the War Production Board, no person shall sell or otherwise transfer or deliver any chlorinated hydrocarbon refrigerants except in accordance with the following directions:

(1) (i) On and after June 5, 1943 no producer, dealer or any other person shall sell or otherwise transfer or deliver any chlorinated hydrocarbon refrigerants to any other person for installation or use in any air-conditioning system which is a "comfort cooling system", as defined under paragraph (d) (1) (ii) of this order; and no person shall purchase or receive delivery or transfer of any chlorinated hydrocarbon refrigerants for installation or use in any "comfort cooling system".

Skating rinks.

Stores, selling any kind of products, material or merchandise, at retail or wholesale (excluding manufacturing establishments).

The term "comfort cooling system" shall not include (a) any such system used to air condition a building, room or other enclosure used chiefly for purposes not listed above, or (b) any system designed, necessary and used, in substantial part for the refrigeration and storage or processing of food, ice, or other materials or products requiring refrigeration, temperature control, or freedom from dust or other impurities, or (c) such part of a system as may be necessary and used for the circulation of air, or necessary and used for raising the temperature of air during cold weather to a degree which is comfortable or tolerable for persons (comfort heating).

(2) No distributor of such refrigerants, and no dealer or other person who furnishes such refrigerants to any person acquiring the same for use as refrigerants, shall sell or other transfer or deliver any such refrigerants otherwise than in accordance with the following directions: Orders for such refrigerants shall be divided, commencing June 5, 1943, into the following three classifications:

(e) *Doubtful cases*. Whenever there is doubt as to the preference rating applicable to any delivery, or whether an order or contract placed or offered to be placed, constitutes a defense order, the matter should be referred to the War Production Board for determination with a statement of all pertinent facts.

(f) *Excessive inventories*. The preferences and preference ratings granted by this order shall not be used to accumulate excessive inventories.

(g) *Records, information, and inspection*. All persons affected by this order shall keep and preserve, for a period of not less than two years, accurate and complete records of their inventories of chlorinated hydrocarbon refrigerants, and of the details of all transactions in any way regulated or affected by this order. (h) *Appeal*. Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, may appeal to the War Production Board by addressing a letter to the War Production Board, Social Security Building, Washington, D. C., setting forth the pertinent facts and the reasons such person considers that he is entitled to relief. The War Production Board may

thereupon take such action as it deems appropriate.

§ 1107.2 *Supplementary Limitation Order L-53-a—(a) Applicability of Priorities Regulation No. 1*. (h) *Appeal.* Any person affected by this order who considers that compliance therewith would work an exceptional and unreasonable hardship upon him, or that it would result in a serious problem of unemployment in the community, or that compliance with this order would disrupt or impair a program of conversion from nondefense work, may apply for relief by addressing a letter to the War Production Board setting forth the pertinent facts and the reasons such person considers that he is entitled to relief. The War Production Board may thereupon take such action, if any, as it deems appropriate by the amendment of this order or otherwise.

SOFTWOOD PLYWOOD SCHEDULING

Section 1276.1 *Limitation Order L-150* is amended to read as follows:

No. 114—4

The fulfillment of requirements for the defense of the United States has created a shortage in the supply of softwood plywood for defense, for private account and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense:

§ 1276.1 *Limitation Order L-150—(a) Definitions.* For the purposes of this order:

(1) "Softwood plywood" shall mean a built-up board of laminated veneers of any species of softwood united with a bonding agent, produced in the states of Washington, Oregon or California.

(2) "Producer" shall mean any manufacturer of softwood plywood to the extent that such manufacturer produces softwood plywood in the states of Washington, Oregon or California.

(b) *Deliveries of softwood plywood.* (1) On or before June 15, 1943, and on or before the 15th day of each succeeding calendar month, every producer shall file, in triplicate, a report on Form WPB-2531 showing his production and delivery schedule for softwood plywood for the calendar month immediately following such filing.

(2) On and after July 1, 1943, each producer shall deliver softwood plywood only in accordance with the schedule filed pursuant to paragraph (b) (1), as the same may be changed by the War Production Board.

(c) *Placing and acceptance of orders for softwood plywood.* (1) On and after July 1, 1943, no person shall place an order with a producer, and no producer shall accept an order, for any softwood plywood unless accompanied by a specific authorization of the War Production Board. Such authorization may specify the manufacturer with whom the order may be placed. On or before July 10, 1943, and on or before the 10th day of each succeeding calendar month, any person who desires to place an order for softwood plywood shall file, in quadruplicate, an application on Form WPB-2532.

(2) Any order so authorized shall be accepted by the producer with whom it is so placed, providing it meets his regularly established prices and terms. Delivery shall be made in accordance with the terms of such order as authorized notwithstanding any preference rating which other orders may bear or any directive, order or regulation of the War Production Board, unless specific exception to this order is made therein.

(3) If it becomes impossible for any producer to maintain production and delivery of softwood plywood in accordance with any schedule approved by the War Production Board he shall notify the War Production Board by letter in triplicate, and unless otherwise directed by the War Production Board he shall postpone production and delivery only to the extent required by the circumstances caus-

ing his failure to maintain production and delivery as reported to the War Production Board.

(d) *Other allocation and scheduling action.* With respect to softwood plywood, the War Production Board may, notwithstanding any order, preference rating, directive, rule or regulation of the War Production Board:

(1) Direct the return or cancellation of any order on the books of a producer;

(2) Direct changes in the delivery or production schedule of a producer;

(3) Allocate orders placed with one producer to another producer;

(4) Revoke any authorization to place an order granted by it pursuant to this order; or

(5) Take such other action as it deems necessary with respect to the placing of orders for, or the production or delivery of, softwood plywood.

(e) *Application of other orders and regulations.* This order does not relieve any person from complying with the provisions of any other order, directive, rule or regulation of the War Production Board, except as specifically provided in this order.

(f) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

(g) *Communications.* All reports and forms required to be filed hereunder and all communications concerning this order shall, unless otherwise directed, be addressed to the Lumber and Lumber Products Division, War Production Board, Washington, D. C. Ref.: L-150.

In addition any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

(i) *Intra-company deliveries.* The prohibitions and restrictions contained in this order shall apply not only to deliveries to other persons, including affiliates and subsidiaries, but also to deliveries from one branch, division, or section of a single business enterprise to another branch, division or section of the same or any other business enterprise under common ownership or control; and each such affiliate, subsidiary, branch, division or section shall for the purposes of this order be deemed a separate person.

PART 3264—ELECTRICAL DISTRIBUTION EQUIPMENT

[General Conservation Order L-300]

SMALL AIR CIRCUIT BREAKERS

The fulfillment of requirements for defense of the United States has created a shortage in the supply of materials and in the facilities used in the production of small air circuit breakers, for defense, for private account, and for export; and the following order is deemed necessary and appropriate in the public interest and to promote the national defense.

§ 3264.1 *General Conservation Order L-300—(a) Definitions.* For the purpose of this order:

corporation, governmental corporation or agency, or any organized group of persons, whether incorporated or not.

(2) "Circuit breaker" means any new two or three-pole small air circuit breaker having a quick-make, quick-break operating mechanism, with a single handle for operating all poles, completely enclosed in a molded composition or plastic housing, and having a rating not in excess of 600 amperes or 600 volts, and a rated interrupting capacity of not less than 5,000 nor more than 25,000 R. M. S. amperes. The term "quick-make, quick-break" operating mechanism means a mechanism, which is a built-in part of the circuit breaker, so designed that the rate of contact motion while actually making or breaking the circuit cannot be changed by manipulation of the handle.

(3) "Manufacturer" means any person to the extent that he is engaged in the business of manufacturing circuit breakers as defined herein.

(4) "Trip element" means an assembly of two or three bimetallic or magnetic devices which function at a predetermined value of current or time to trip a latch mechanism permitting a spring to open simultaneously all of the poles of the circuit breaker.

(5) "Frame size" means the maximum ampere rating for the particular size of circuit breaker mechanism.

(b) *Restrictions on acceptance and delivery of orders:* On and after June 24, 1943, no person shall accept any order for any circuit breaker or deliver any circuit breaker in fulfillment of any order unless the order bears a preference rating of AA-5 or higher.

(c) *Restrictions on manufacture.* (1) On and after June 24, 1943, no manufacturer shall accept any order or commence manufacture in fulfillment of any order for a circuit breaker unless such circuit breaker is to be manufactured in accordance with the standards prescribed in subparagraph (2) below. On and after August 8, 1943, no manufacturer shall deliver any circuit breaker unless it has been manufactured in accordance with such standards. The limitations and restrictions of this subparagraph (1) shall not apply to any order for or delivery of any circuit breaker which was completely fabricated and assembled on June 24, 1943.

(e) *Exemptions.* The limitations and restrictions of paragraph (c) shall not apply to (1) any circuit breaker delivered for use on board any vessel, or on any field generator, owned or operated by the Army, Navy, Maritime Commission, or War Shipping Administration, or (2) any circuit breakers delivered for use on tanks, aircraft, ordnance equipment, or radar equipment.

(f) *Miscellaneous provisions—*(1) *Other limitation orders.* Nothing in this order shall be construed to permit any person to sell, deliver, or otherwise transfer, or any manufacturer to purchase, receive delivery of or otherwise acquire any raw materials, semi-processed parts, or finished products in contravention of the terms of any L or M order, or amendments or supplements thereto, or other regulation of the War Production Board effective at the date of any such sale, delivery, or other transfer. Where the limitations imposed by any other L or M order are applicable to the subject matter of this order, the most restrictive limitation shall apply, unless otherwise specifically provided herein.

(2) *Violations.* Any person who willfully violates any provision of this order, or who willfully furnishes false information to the War Production Board in connection with this order is guilty of a crime and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using material under priority control and may be deprived of priorities assistance by the War Production Board.

(3) *Appeals.* Any appeal from the provisions of this order shall be made by filing a letter in triplicate, referring to the particular provision appealed from and stating fully the grounds of the appeal.

**PART 1347—PAPER, PAPER PRODUCTS, RAW
MATERIALS FOR PAPER AND PAPER PROD-
UCTS, PRINTING AND PUBLISHING**

[Rev. MPR 130; Amdt. 3]

NEWSPRINT PAPER

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.*

Revised Maximum Price Regulation 130 is amended in the following respects:

1. The title of the regulation is amended to read "Newsprint Paper".

2. Section 1347.274 is amended to read as follows:

§ 1347.274 *Adjustable pricing.* Any person may agree to sell at a price which can be increased up to the maximum price in effect at the time of delivery; but no person may, unless authorized by the Office of Price Administration, deliver or agree to deliver at prices to be adjusted upward in accordance with action taken by the Office of Price Administration after delivery. Such authorization may be given when a request for a change in the applicable maximum price is pending, but only if the authorization is necessary to promote distribution or production and if it will not interfere with the purposes of the Emergency Price Control Act of 1942, as amended. The authorization may be given by the Administrator or by any official of the Office of Price Administration to whom the authority to grant such authorization has been delegated. The authorization will be given by order. No person shall buy or receive newsprint paper at prices higher than the maximum prices set forth in Appendices A and B of this regulation, unless his seller has complied with the provisions of this section.

3. Section 1347.281 (a) (3) is amended to read as follows:

(3) "Super standard" newsprint paper is a quality of standard newsprint paper which has been especially manufactured and processed in a manner to render it more suitable than ordinary standard newsprint paper for printing by the roto-gravure process.

4. Section 1347.281 (a) (4) is amended to read as follows:

(4) "Manufacturer" means any person who manufactures newsprint paper, and includes an agent and a person affiliated with a manufacturer through

any community of ownership, who distributes or sells such manufacturer's newsprint paper, excluding, however, any person who comes within the definition of a merchant set forth in this section.

5. Section 1347.281 (a) (5) is amended to read as follows:

(5) "Merchant" means any person who buys and resells newsprint paper except (i) retailers and (ii) manufacturers buying newsprint paper from another manufacturer and reselling it. "Merchant" also includes a manufacturer selling newsprint paper of his own manufacture, and a person affiliated with such manufacturer through any community of ownership if, and only if, the Office of Price Administration shall find upon application filed with it, that such person operates as a bona fide merchant.

6. Section 1347.281 (a) (13) is amended to read as follows:

(13) "Export sale" means any "export" or "export sale" as defined in the Second Revised Maximum Export Price Regulation,² or any amendment or revision thereof.

7. Section 1347.281 (a) (17) is added to read as follows:

(17) "Other newsprint paper" means newsprint paper which is identical in all respects with standard newsprint paper as defined in this section, except in the size of the rolls and sheets. Such paper includes, but is not limited to side run news, counter rolls, counter sheets and cut sizes.

8. Section 1347.281 (a) (18) is added to read as follows:

(18) "Standard price" means the price regularly quoted by the manufacturer at the date of the merchant's sale, or if the manufacturer does not have a regularly quoted price, then the price which he most recently quoted to the merchant making the sale. Such price may not, however, exceed the maximum price established by this regulation at which purchases from the manufacturer may be made.

9. Section 1347.283 (d) (1) (i) is amended to read as follows:

(i) The standard price to merchants f. o. b. mill, lowest carload rate of freight allowed to destination, of the manufacturer from whom the merchant has purchased the paper, plus the applicable charges for conversion and differential for super standard quality, if any, but exclusive of any mark-up paid to another merchant.

10. Section 1347.283 (e) is reissued to read as follows:

(e) *Sales for export.* (1) Maximum prices for standard newsprint paper sold for export by any person shall in no event exceed the sum of the following:

(i) The manufacturer's maximum price at the normal port of export of the mill at which the paper was made, or the normal port of the merchant if the

shipment is made by a merchant from his warehouse stock.

(ii) Such conversion charges or super standard differential as may properly be charged in the particular case, pursuant to paragraphs (b) and (c) of this section, plus, where one or more merchants sell the paper for export, an amount not in excess of the appropriate merchant's mark-up provided in paragraph (d) of this section.

(iii) If the paper is to be shipped from an emergency port, the difference between the lowest carload rate of freight from the mill to the mill's normal port of export, and to actual emergency port of exit, or, if the paper is shipped from a merchant's warehouse, the difference between such freight to the merchant's normal port and to the actual emergency port.

11. Section 1347.284, *Appendix B*, is added to read as follows:

§ 1347.284 *Appendix B: Maximum prices for other newsprint paper.* (a) The maximum prices per ton for other newsprint paper sold either in carload or less than carload quantities are the same as the maximum prices for standard newsprint paper established in Appendix A of this regulation, and all of the provisions of this regulation relating to standard newsprint paper are hereby made applicable to the purchase, sale and delivery of other newsprint paper except as in this Appendix B specifically provided:

(1) *Import duty.* The maximum prices established by this regulation shall include all import duty.

(2) *Merchants' maximum selling prices.* This regulation shall not apply to merchants' sales of newsprint used for wrapping and packaging purposes only. Such sales are subject to Maximum Price Regulation 349—Distributors' Maximum Prices for Certain Coarse Paper Products.

(3) *Side run news sold for woodpulp.* This regulation shall not apply to sales of side run news for use in making woodpulp. Such sales are subject to Maximum Price Regulation 114—Woodpulp.

This amendment shall become effective June 14, 1943.

1. Section 20a is added to read as follows:

Sec. 20a Change in suppliers' maximum prices. If the Office of Price Administration changes a supplier's maximum price for an item covered by this regulation, it may direct that retailers shall recalculate their maximum prices for the item. Ordinarily, written notice instructing the retailer to recalculate his price will come from the manufacturer or supplier or will be enclosed in or attached to the carton, case or barrel containing the item. After actually receiving the item for the first time with such notice, retailers must, before making any sales of the item, recalculate their maximum price for the item in accordance with Section 3 based on the "net cost" of that delivery and record such price on the invoice covering that delivery. The notice received by retailers must be preserved. Even though later shipments are received with the same notice, the maximum price cannot be recalculated again.

PART 1499—COMMODITIES AND SERVICES
FEDERAL SURPLUS COMMODITY CORPORATION

For the reasons set forth in an opinion issued simultaneously herewith, It is ordered:

§ 1499.1986 *Authorization of maximum prices for citrus marmalade made under contract with the Federal Surplus Commodity Corporation*—(a) *Transactions excepted from price control.* Transactions between the Federal Surplus Commodity Corporation and contract packers concerning the manufacture of citrus marmalade for that agency or the sale by it to contract packers are not subject to price control.

A "contract packer" is a person who manufactures citrus marmalade for the Federal Surplus Commodity Corporation from orange and grapefruit pulp supplied by that agency, and who repurchases the finished product for resale.

(b) *Maximum prices for contract packers.* The contract packer's maximum prices per dozen, f. o. b. factory, for citrus marmalade made under contract with the Federal Surplus Commodity Corporation shall be:

Maximum price
(per dozen)

Two-pound glass jar..... \$2.65

(c) *Maximum prices for contract packers who also perform a wholesale service.* A contract packer who, under any of the circumstances outlined below, sells citrus marmalade made under contract with the Federal Surplus Commodity Corporation shall figure his maximum price in such case by adding together the following three factors:

(1) The maximum price named for the item, f. o. b. factory.

(2) The following markup over the f. o. b. factory price:

11½ per cent, if he is a "retailer-owned cooperative", that is, either a non-profit organization of a corporation, 51 per cent of the stock of which is owned by its retailer customers, and which distributes the commodity to its retailer members. This markup may be added only in sales to its retailer members.

(In sales to institutional users or independent retail stores which are not members of the cooperative, he may add the appropriate markup provided in the following paragraphs.)

14 per cent, if he is not a "retailer-owned cooperative", but he distributes the commodity for resale by independent retail stores or to institutional users and he does not deliver to these purchasers. This markup may be added only when the secondary packer is selling to these classes of purchasers.

19 per cent, if he is not a "retailer cooperative" but he distributes the commodity for resale by independent retail stores or to institutional users and he does deliver to these purchasers. This markup may be added only for the particular quantities of the item which are actually delivered to these classes of purchasers.

(3) The freight, if any, incurred from plant to local distribution point.

(d) *Maximum prices for contract packers who also perform the retail service.* A contract packer who sells citrus marmalade made under contract with the Federal Surplus Commodity Corporation directly to ultimate consumers other than commercial, industrial or institutional users, shall figure separate maximum prices for sales to these purchasers, by adding in each case the following three factors: (1) the maximum price named for the item, f. o. b. plant; (2) a markup over the f. o. b. plant price of 31 per cent; and (3) the freight, if any, incurred from plant to local distribution point.

(e) *Maximum prices for distributors other than wholesalers and retailers.* The maximum price, f. o. b. shipping point, of a distributor other than a wholesaler or retailer shall be the maximum price of his supplier, f. o. b. shipping point, plus incoming freight paid by him.

A "distributor" is a person other than a contract packer who purchases the commodity and resells it without processing it. Wholesalers and retailers of citrus marmalade are priced under Revised Maximum Price Regulations Nos. 237 and 238, respectively.

(f) *Maintenance of customary discounts and allowances.* Sellers shall maintain the discounts, allowances and price differentials which they customarily maintain on other marmalade, preserves, jams and jellies sold by them unless a change results in the same or a lower price.

This amendment shall become effective June 10, 1943.

§ 51.11a-6 *Bending properties.* For pipe 2 in. and under in nominal diameter, a sufficient length of pipe shall stand being bent cold through 90 deg. around a cylindrical mandrel, the diameter of which is twelve times the nominal diameter of the pipe, without developing cracks at any portion and without opening the weld. When ordered for close coiling, the pipe shall stand being bent cold through 180 deg. around a cylindrical mandrel, the diameter of which is eight times the nominal diameter of the pipe, without failure. Double extra

strong pipe over 1 1/4 in. in diameter need not be subject to the bend test.

§ 51.11a-7 *Flattening test.* (a) The flattening test shall be made on standard weight and extra strong pipe over 2 in. in nominal diameter. It shall not be required for double extra strong pipe.

(b) For lap-welded and butt-welded pipe the test section shall be 4 to 6 inches in length and the weld shall be located 45 deg. from the line of direction of the applied force.

(c) For electric-resistance-welded pipe, the test section shall be 4 to 6 inches

and/or the temperature does not exceed 450° F. and provided that the pipe is not to be bent, coiled, flanged or otherwise worked.

¹ Pipe fabricated from steel manufactured by the acid-bessemer process may be used on vessels subject to the jurisdiction of the Coast Guard where the pressure does not ex-

in length and the weld shall be located 90 deg. from the line of direction of the applied force.

(d) For seamless pipe the test section shall not be less than 2½ inches in length.

(e) The test shall consist in flattening a section of pipe between parallel plates until the opposite walls meet. For welded pipe, no opening in the weld shall take place until the distance between the plates is less than three-

fourths of the original outside diameter for butt-weld, or two-thirds the outside diameter for lap-weld and electric-resistance-weld, and no cracks or breaks in the metal elsewhere than in the weld shall occur until the distance between the plates is less than shown below. For seamless pipe no breaks or cracks in the metal, shall occur until the distance between the plates is less than that shown below:

Kind of pipe	Distance between plates "S"
For butt-welded pipe-----	60 percent of outside diameter
For lap-welded pipe-----	One-third of the outside diameter
For electric-resistance-welded pipe Grades A and B.	One-third of the outside diameter
For seamless pipe Grades A and B-----	To the distance "S" developed by the following formula:

$$S = \frac{(1+e)t}{e+t/D}$$

Where:

S=Distance between flattening plates in inches,

t=Nominal wall thickness of pipe in inches,

D=Actual outside diameter of pipe in inches, and

e=Deformation per unit length (constant for a given grade of steel, 0.09 for grade A and 0.07 for grade B.

¹ For pipe over 12 inches in nominal pipe size, the test pressures should be calculated by the formula

$$P = \frac{2St}{D}; \text{ where}$$

P=Pressure in pounds per square inch, S=fiber stress, 60 percent of the specified yield point, t=thickness of wall in inches, and D=outside diameter in inches.

² Lap-welded pipe is not made below the 1¼ inch size.

³ Seamless pipe in these small sizes will probably need to be cold drawn.

§ 51.11a-8 *Hydrostatic test.* Each length of pipe shall be tested at the mill to the hydrostatic pressures prescribed in Table II. Welded pipe 2 in. and larger shall be jarred near one end while under test-pressure.

§ 51.11a-9 *Test specimens.* (a) Tension test specimens shall be cut longitudinally from the pipe and not flattened between gage marks. The sides of specimens shall be parallel between gage marks. If desired, the tension test specimen may consist of a full section of the pipe. When impracticable to pull a test specimen in full thickness the standard 2-in. gage length tension test specimen shown in Fig. M-2 may be used.

(b) Test specimens for the bend and flattening tests shall consist of sections cut from a pipe. Specimens for flattening tests shall be smooth on the ends and free from burrs, except when made on crop ends taken from welded pipe.

(c) All specimens shall be tested at room temperature.

§ 51.11a-10 *Number of tests.* (a) One of each of the tests specified in §§ 51.11a-5, 51.11a-6 and 51.11a-7 shall be made on one length of pipe from each lot of 500 lengths or fraction thereof of each size.

(b) In the case of welded pipe ordered for "flanging" the crop ends cut from each length shall stand the flattening test specified in § 51.11a-7 (a).

(c) Each length of pipe shall be subjected to the Hydrostatic test specified in § 51.11a-8 (a).

§ 51.11a-11 *Retests.* (a) If the results of the physical tests of any lot do not conform to the requirements specified in §§ 51.11a-5, 51.11a-6 and 51.11a-7, retests may be made on additional pipe of double the original number from the same lot, each of which shall conform to the requirements specified.

(b) If any section fails when flattening tests are made on the crop ends of each length of welded pipe, other pieces from the length may be cut until satisfactory tests are obtained, otherwise the length shall be rejected.

§ 51.11a-12 *Standard weights.* (a) The standard weights with the corresponding wall thicknesses for pipe of various nominal inside diameters are prescribed in Table III.

(b) Nipples shall be cut from pipe of the same weight and quality described in these specifications.

§ 51.11a-13 *Permissible variations in weight and dimensions.*—(a) *Weight.* The weight of the pipe shall not vary from that prescribed in Table III by more than plus or minus 5 percent for standard weight and extra strong pipe nor more than plus or minus 10 percent for double extra strong pipe.

(b) *Diameter.* For pipe 1½ in. and under in nominal diameter, the outside diameter at any point shall not vary more than ¼ in. over nor more than ½ in. under the standard specified. For pipe 2 in. and over in nominal diameter, the outside diameter shall not vary more than plus or minus 1 percent from the standard specified.

(c) *Thickness.* The minimum wall thickness at any point shall be not more than 12.5 percent under the nominal wall thickness specified.

§ 51.11a-14 *Lengths.* Unless otherwise specified, pipe lengths shall be in accordance with the following regular practice:

(a) Standard weight pipe shall be in random lengths of 16 to 22 feet, but not more than 5 percent of the total number of lengths may be "Jointers", which are two pieces coupled together. When ordered with plain ends, 5 percent may be in lengths of 12 to 16 feet.

(b) Extra strong and double extra strong pipe shall be in random lengths of 12 to 22 feet. Five percent may be in lengths of 6 to 12 feet.

§ 51.11a-15 *Workmanship.* Unless otherwise specified, pipe shall conform to the following regular practice:

(a) *Ends.* Each end of standard weight welded pipe shall be threaded. Extra strong welded pipe and standard weight and extra strong seamless pipe and all double extra strong pipe shall be furnished with plain ends.

(b) *Threads.* All threads shall be in accordance with the American Standard Pipe Thread, and cut so as to make a tight joint when the pipe is tested at the mill to the specified internal hydrostatic pressure. The variation from the standard, when tested with the standard working gage, shall not exceed one and one-half turns either way.

(c) *Couplings.* Each length of threaded pipe shall be provided with one coupling, having clean-cut threads of such a pitch diameter as to make a tight joint. Couplings may be of wrought iron or steel.

§ 51.11a-16 *Finish.* The finished pipe shall be reasonably straight and free from injurious defects. All burrs at the ends of the pipe shall be removed.

§ 51.11a-16 *Finish.* The finished pipe shall be legibly marked by rolling, stamping, or stenciling to show the name or brand of the manufacturer; the type of pipe (that is, lap-welded, electric-resistance-welded A, electric-resistance-welded B, seamless A, or seamless B; where acid-bessemer steel is used in seamless or electric-resistance-welded pipe, the word "bessemer" shall be added before the letter A or B); XS for extra strong, XXS for double extra strong; ASTM A 53; the length, and the hydro-

static test pressure in pounds per square inch; except that for small diameter pipe which is bundled, this information may be marked on a tag securely attached to each bundle.

§ 51.11a-18 *Inspection.* The inspector shall have free entry, at all times while work is being performed, to all parts of the manufacturer's works that concern the manufacture of the material ordered. The manufacturer shall afford the inspector, without charge, all reasonable facilities to satisfy him that the

material is being furnished in accordance with these specifications. All tests (except check analysis) and inspection shall be made at the place of the manufacture prior to shipment, unless otherwise specified, and shall be so conducted as not to interfere unnecessarily with the operation of the works.

§ 51.11a-19 *Rejection.* Each length of pipe that develops injurious defects during shop working or application operations will be rejected, and the manufacturer shall be notified.

same manner as when taken from the finished pipe. Drillings for analysis shall be taken from several points around each pipe, or across each piece of skelp, selected for analysis. The chemical composition thus determined shall conform to the requirements specified in § 51.11b-3.

(b) *Retests.* If the analysis of either length of pipe or length of skelp does not conform to the requirements specified in § 51.11b-3, analyses of two additional lengths from the same lot shall be made, each of which shall conform to the requirements specified.

§ 51.11b-6 *Tensile properties.* (a) The material shall conform to the following requirements as to tensile properties:

	Grade A	Grade B

Yield point, min., psi.....	39,000	35,000
Elongation in 2 in., min., percent.....	20	25

(b) The yield point shall be determined by the drop of the beam or halt in the gage of the testing machine, or other approved method.

(c) The test specimen taken across the weld shall show a tensile strength not less than the minimum tensile strength specified for the grade of pipe ordered. This test will not be required for pipe under 6 in. in outside diameter.

§ 51.11b-7 *Flattening test.* Both crop ends from each length of pipe shall be flattened between parallel plates with the weld at the point of maximum bending until opposite walls of the pipe meet. No opening in the weld shall take place until the distance between the plates is less than two-thirds of the original outside diameter of the pipe. No cracks or breaks in the metal elsewhere than in the weld shall occur until the distance between the plates is less than one-third of the original outside diameter of the pipe, but in no case less than five times the thickness of the pipe wall. Evidence of lamination or burnt material shall not develop during the entire flattening process, and the weld shall not show injurious defects.

§ 51.11b-8 *Hydrostatic test.* (a) Each length of pipe shall be tested at the mill to a hydrostatic pressure calculated from the following formula, provided that in no case shall the test pressure exceed 2500 psi:

$$P = \frac{2 S t}{D}$$

where:

P=minimum hydrostatic test pressure in pounds per square inch.

S=allowable fiber stress (16,000 to 18,000 psi. for grade A and 20,000 to 22,000 psi. for grade B, but in no case shall the stress produced exceed 80 percent of the specified yield point).

t=wall thickness in inches, and
D=outside diameter in inches.

(b) The hydrostatic pressure shall be maintained for not less than 5 sec. and while under test pressure, the pipe shall be jarred near both ends with a 2-lb. hammer or its equivalent.

¹ Sizes larger than those shown in the table are measured by their outside diameter. These larger sizes will be furnished with plain ends, unless otherwise specified. The weights will correspond to the manufacturers' published standards although it is possible to calculate the theoretical weights for any given size and wall thickness on the basis of 1 cu. in. of steel weighing 0.2833 lb.

² The American Standard for Wrought-Iron and Wrought-Steel Pipe (ASA No. B36.10-1939) has assigned no schedule number to "Double Extra Strong" pipe.

³ Standard weight pipe 10 in. in nominal size is also available with 0.270 in. wall thickness, but this wall is not covered by a schedule number.

⁴ Owing to a departure from the "Standard Weight" and "Extra Strong" wall thicknesses for the 12 in. nominal size Schedule 40 and 60, in Table 2 of the American Standard for Wrought-Iron and Wrought-Steel Pipe (ASA No. B36.10-1939) the regular "Standard" and "Extra Strong" wall thicknesses (0.375 in. and 0.450 in.) have been substituted.

Electric-Resistance-Welded Steel Pipe

NOTE: In substantial agreement with A. S. T. M. Designation A 135-42, Certified material—Class B.

§ 51.11b-1 *Scope.* These specifications cover two grades of electric-resistance-welded steel pipe 30 in. and under in diameter. The pipe is intended for conveying liquid, gas, or vapor; and only grade A is adapted for flanging and bending. The suitability of pipe for various purposes is somewhat dependent upon its dimensions, properties, and conditions of service, so that the purpose for which the pipe is intended should be stated in the order.

§ 51.11b-2 *Process.* Unless otherwise specified, the steel shall be made by either or both of the following processes: open-hearth or electric-furnace.

§ 51.11b-3 *Chemical composition.* The steel shall conform to the following requirements as to chemical composition:

Phosphorus, max., percent..... 0.045
Sulfur, max., percent..... 0.009

§ 51.11b-4 *Ladle analysis.* An analysis of each melt of steel shall be made by the manufacturer to determine the percentages of the elements specified in § 51.11b-3. This analysis shall be made from a test ingot taken during the pouring of the melt. When requested by the inspector, the chemical composition thus determined shall be reported to the inspector and shall conform to the requirements specified in § 51.11b-3.

§ 51.11b-5 *Check analysis.* (a) Analyses of two pipes from each lot of 400 lengths or fraction thereof of each size under 6 in., from each lot of 200 lengths or fraction thereof of each size 6 to 20 in., and from each lot of 100 lengths or fraction thereof of each size over 20 to 30 in., may be made by the inspector from the finished pipe. By agreement between the manufacturer and the inspector, the analysis may be made on the skelp and the number shall be determined in the

§ 51.11b-9 *Test specimens.* (a) The longitudinal tension test specimen shall be taken from the end of the pipe, or by agreement between the manufacturer and the inspector may be taken from the skelp, at a point approximately 90 deg. from the weld, and shall not be flattened between gage marks. The transverse tension test specimen, if required by the inspector, shall be taken across the weld and from the same end of the pipe as the longitudinal test specimen. The sides of each specimen shall be parallel between gage marks. When impracticable to pull a test specimen in full thickness the standard 2-in. gage length tension test specimen shown in Fig. M-2 may be used.

(b) All specimens shall be tested at room temperature.

§ 51.11b-10 *Number of tests.* (a) One longitudinal tension test shall be made on one length from each lot of 400 lengths or fraction thereof of each size under 6 in., and one longitudinal and, if required by the inspector, one transverse tension test on one length from each lot of 200 lengths or fraction thereof of each sizes 6 to 20 in., and on one length from each lot of 100 lengths or fraction thereof of each size over 20 to 30 inches. When taken from the skelp the number of tests shall be determined in the same manner as when taken from the finished pipe.

(b) If any test specimen shows defective machining or develops flaws not associated with the welding, it may be discarded and another specimen substituted.

(c) If the percentage of elongation of any tension test specimen is less than that specified in § 51.11b-6 (a) and any part of the fracture is more than $\frac{3}{4}$ inch from the center of the gage length of a 2-inch specimen, as indicated by scribe scratches marked on the specimen before testing the specimen may be discarded and another substituted.

(d) The flattening test specified in § 51.11b-7 shall be made on both crop ends cut from each length of pipe.

(e) Each length of pipe shall be subjected to the hydrostatic test specified in § 51.11b-8.

§ 51.11b-11 *Retests.* (a) If the results of the tension tests of any lot do not conform to the requirements specified in § 51.11b-6, retests of two additional length from the same lot shall be made, each of which shall conform to the requirements specified.

(b) If any section fails when flattening tests are made on the crop ends of each length of pipe, other pieces from the length may be cut until satisfactory tests are obtained, otherwise the length shall be rejected. Precautions shall be taken so that crop ends may be identified with respect to the length from which they were cut.

§ 51.11b-12 *Permissible variations in weight and dimensions—(a) Weight.*

The weight of any length of pipe shall not vary more than 3.5 percent under or 10 percent over that specified, but the carload weight shall be not more than 1.75 percent under the nominal weight.

(b) *Diameter.* The outside diameter shall not vary more than plus or minus 1 percent from the nominal size specified.

(c) *Thickness.* The minimum wall thickness at any point shall be not more than 12.5 percent under the nominal wall thickness specified.

§ 51.11b-13 *Lengths.* Unless otherwise specified, pipe shall be furnished in lengths averaging 38 ft. or over, with a minimum length of 20 feet, but not more than 5 percent may be under 32 ft. Joints made by welding are permissible. When threaded pipe is ordered, joints shall be made by threading and shall not exceed 5 percent of the order.

§ 51.11b-14 *Workmanship—(a) Ends, plain end pipe.* Unless otherwise specified, plain end pipe for use with the Dresser or Dayton type coupling shall be reamed both outside and inside sufficiently to remove all burrs. Plain end pipe for welding shall be beveled on the outside to an angle of 37.5 deg. with a width of flat at the end of the pipe of $\frac{1}{16}$ plus or minus $\frac{1}{32}$ in. When material is ordered beveled to any other than a 37.5 deg. angle it should be understood that the angle is to be measured from a line drawn perpendicular to the axis of the pipe. This means that a greater amount of material is removed with a 60-deg. angle than with a 37.5-deg. angle. Pipe shall be sufficiently free from indentations, projections, or roll marks for a distance of 8 inches from the end of the pipe to make a tight joint with the rubber gasket type of coupling. All plain end pipe intended for Dresser or Dayton type joints or for welding, sizes $10\frac{3}{4}$ inches and smaller in outside diameter, shall be not more than $\frac{1}{32}$ in. smaller than the nominal outside diameter for a distance of 8 inches from the end of the pipe and shall permit the passing for a distance of 8 inches of a ring gage which has a bore $\frac{1}{16}$ in. larger than the nominal outside diameter of the pipe. Sizes larger than $10\frac{3}{4}$ in. in outside diameter shall be not more than $\frac{1}{32}$ in. smaller than the nominal outside diameter for a distance of 8 in. from the end of the pipe and shall permit the passing for a distance of 8 in. of a ring gage which has a bore $\frac{3}{32}$ in. larger than the nominal outside diameter of the pipe.

(b) *Ends, threaded pipe.* Each end of threaded pipe shall be reamed to remove all burrs. All threads shall be in accordance with the American Standard Pipe Threads and cut so as to make a tight joint when the pipe is tested at the mill to the specified internal hydrostatic pressure. The variation from the standard, when tested with the standard working gage, shall not exceed one and one-half turns either way. Pipe shall

not be rounded-out by hammering in order to get a full thread. There shall be not more than two black threads for $\frac{3}{4}$ in. taper among the perfect threads. Black threads should not be confused with imperfect threads, such as those torn, shaven, or broken.

(c) *Couplings.* Each length of threaded pipe shall be provided with one coupling, having clean-cut threads of such a pitch diameter as to make a tight joint.

§ 51.11b-15 *Finish.* (a) The finished pipe shall be reasonably straight and free from injurious defects. Defects in excess of 12.5 percent of the nominal wall thickness shall be considered injurious.

(b) *Repair by welding.* Injurious defects in the pipe wall, provided their depth does not exceed one-third the specified wall thickness, shall be repaired by electric welding. Defects in the welds such as sweats or leaks, unless otherwise specified shall be repaired or the piece rejected at the option of the manufacturer. Repairs of this nature shall be made by completely removing the defect, cleaning the cavity, and then electric welding.

(c) All repaired pipe shall be retested hydrostatically in accordance with § 51.11b-8.

§ 51.11b-16 *Marking.* Each length of pipe shall be legibly marked with appropriate symbols by stenciling, stamping, or rolling to show by whom manufactured, the grade of pipe, and that it conforms to these specifications.

§ 51.11b-17 *Protective coating.* After the pipe has been subjected to the hydrostatic test, and if required by the inspector, it shall be thoroughly cleaned of all dirt, oil, grease, loose scale, and rust; then dried, and given a protective coating of the kind and in the manner specified by the inspector.

§ 51.11b-18 *Inspection.* The inspector shall have free entry, at all times while work is being performed, to all parts of the manufacturer's works that concern the manufacture of the material ordered. The manufacturer shall afford the inspector, without charge, all reasonable facilities to satisfy him that the material is being furnished in accordance with these specifications. All tests (except check analysis) and inspection shall be made at the place of manufacture prior to shipment, unless otherwise specified, and shall be so conducted as not to interfere unnecessarily with the operation of the works.

§ 51.11b-19 *Rejection.* Each length of pipe that develops injurious defects during shop working or application operations will be rejected, and the manufacturer shall be notified.

PART 52—CONSTRUCTION

1. Section 52.1-1 (k) is amended to read as follows:

§ 52.1-1 Definitions. * * *

(k) Within the meaning of these rules, pressure refers to the gage pressure or the pressure above the atmosphere in pounds per square inch. Design pressure is the theoretical bursting pressure of the weakest part of a boiler, pressure vessel, or piping divided by its factor of safety. The maximum allowable working pressure of a boiler and its superheater shall be considered as the highest setting of the safety valves on the drum.

2. Section 52.2-3 is amended to read as follows:

§ 52.2-3 Computations and factors of safety. (a) Cylindrical shells shall be in accordance with the following relations of pressure and thickness, provided that shell plates for boilers shall not be less than 1/4 inch thick. Where the thickness of the shell does not exceed 10 percent of the inside radius, Formula (1) shall be used; where the thickness exceeds 10 percent of the inside radius Formula (2) may be used.

$$W = \frac{STE}{RF} \quad (1)$$

$$W = \frac{SE}{F} \frac{(R_0^2 - R^2)}{(R_0^2 + R^2)} \quad (2)$$

Where W =maximum allowable working pressure in pounds per square inch.

S =minimum of the range of tensile strength of the shell material.

T =minimum thickness of the shell in inches.

R =inside radius of the shell in inches.

R_0 =outside radius of the shell in inches.

E =minimum efficiency of the longitudinal joint (or relative strength of ligament between tube holes or other openings, whichever is least). (See paragraph (b) and §§ 52.2-4 to 52.2-6 inclusive, §§ 52.3-3, 52.3-4 (g), 52.3-2, 52.2-4 (b), 52.2-6 (b), 52.2-7 (c) and 52.2-20.)

F =Factor of safety, which shall not be less than the following:

4.0 for shells, not exposed to fire or products of combustion, which are seamless forged or have riveted double butt strap longitudinal joints.

4.25 for steam or water drums of seamless or hammer welded pipe not exposed to fire or products of combustion, and for water drums of water tube boilers, other than fusion welded water drums.

4.5 for shells of the above-mentioned types, except water drums of water tube boilers, which are exposed to fire or the products of combustion whether bare or covered with heat-resisting material; also for fusion welded drums for all purposes.

5.0 for shells of brazed construction.

6.0 for shells, the longitudinal joints of which are riveted lap construction.

10.0 for cast steel for shells of unfired pressure vessels where the thickness is not less than 1/16 inch and does not exceed 2 inches.

12.0 for cast iron for shells of unfired pressure vessels where the working pressure does not exceed 30 pounds per square inch and the thickness is not less than 1/4 inch.

(b) The efficiency factor E for riveted joints and for ligaments between tube

holes or other openings shall be calculated as set forth in § 52.2-3 (c). For other than riveted joints, the applicable values of E listed below shall be used in the above formulas:

1.0 for seamless shells.

0.9 for Class I fusion welded shells (§ 52.2-4), and for brazed unfired pressure vessels (§§ 52.2-18 to 52.2-23 inclusive).

TITLE 49—TRANSPORTATION AND RAILROADS

Chapter I—Interstate Commerce Commission

[Service Order 129]

PART 95—CAR SERVICE

ICE IN REFRIGERATOR CARS, SUSPENSION OF TARIFF FOR REMOVAL BY CONSIGNEE

At a session of the Interstate Commerce Commission, Division 3, held at its office in Washington, D. C., on the 7th day of June, A. D. 1943.

It appearing that considerable delay is being encountered because of failure of consignees to remove ice used in the body of a refrigerator car and that failure to remove such body ice is due in part to the provision of section 2 of Rule 32 of the Consolidated Freight Classification requiring payment of freight charges on body ice if taken by the consignee; the Commission is of the opinion that an emergency exists requiring immediate action: *It is ordered*, That:

§ 95.310 *Body ice in refrigerator cars, removal by consignee—(a) Suspension of tariff.* The operation of section 2 of Rule 32 of Consolidated Freight Classifi-

cation No. 15, supplements thereto or reissues thereof, is hereby suspended until further order of the Commission insofar as it requires charges to be collected on ice loaded in the body of a refrigerator car on the basis of the actual weight of the ice if taken from a refrigerator car by the consignee.

[Docket Nos. A-2006; A-2006, Part II]

DISTRICT BOARD 2

MEMORANDUM OPINION AND ORDER AND NOTICE OF AND ORDER FOR HEARING

In the matter of the petition of District Board No. 2 for the establishment of price classifications and minimum prices for the coals of certain mines, Docket No. A-2006; in the matter of the petition of District Board No. 2 for the establishment of price classifications and minimum prices for Mine Index No. 2706, Docket No. A-2006, Part II.

The original petition in the above-entitled matter filed with the Division pursuant to section 4 II (d) of the Bituminous Coal Act of 1937 requests among other matters, the establishment of temporary and permanent price classifications and minimum prices for the coals of the Salina (S) Mine, Mine Index No. 2706, of M. M. and T. V. Bowman, in District No. 2. It appears, however, that no final determination should be made at this time with respect to the relief requested for the coals of this mine, for the reason that insufficient facts have been presented upon which to base a final determination. In view of the foregoing, it is deemed advisable at this time to grant only temporarily the request of

petitioner in so far as it relates to Mine Index No. 2706.

It appearing that a reasonable showing of necessity has been made for the granting of temporary relief in the manner hereinafter set forth; no petitions of intervention having been filed with the Division in the above-entitled matter; and the following action being deemed necessary in order to effectuate the purposes of the Act;

Now, therefore, it is ordered, That the portion of Docket No. A-2006 relating to the Salina (S) Mine, Mine Index No. 2706, of M. M. and T. V. Bowman be, and it hereby is, severed from the remainder of that Docket and designated as Docket No. A-2006, Part II.

It is further ordered, That a hearing in Docket No. A-2006, Part II, under the applicable provisions of the Act and the rules of the Division be held on July 15, 1943, at 10 o'clock in the forenoon of that day at a hearing room of the Bituminous Coal Division, 734 15th Street, Northwest, Washington, D. C. On such day the Chief of the Records Section, in Room 592, will advise as to the room where such hearing will be held.

It is further ordered, That Edward J. Hayes, or any other officer or officers of the Division duly designated for that purpose shall preside at the hearing in this matter. The officers so designated to preside at such hearing are hereby authorized to conduct said hearing, to administer oaths and affirmations, examine witnesses, take evidence, to continue said hearing from time to time, and to prepare and submit proposed findings of fact and conclusions and the recommendation of an appropriate order in the premises, and to perform all other duties in connection therewith authorized by law.

Notice of such hearing is hereby given to all parties herein and to persons or entities having an interest in this proceeding and eligible to become a party herein. Any persons desiring to be admitted as a party to this proceeding may file a petition of intervention in accordance with the rules and regulations of the Bituminous Coal Division for proceedings instituted pursuant to section 4 II (d) of the Act, setting forth the facts on the basis of which the relief in the original petition is supported or opposed or on the basis of which other relief is sought. Such petitions of intervention shall be filed with the Bituminous Coal Division on or before July 10, 1943.

All persons are hereby notified that the hearing in Docket No. A-2006, Part II, and any orders entered therein may concern, in addition to the matters specifically alleged in the petition, other matters necessarily incidental and related thereto, which may be raised by amendment to the petition, petitions of intervention or otherwise, or which may be necessary corollaries to the relief, if any, granted on the basis of this petition.

The matter concerned herewith is in regard to the petition of District Board No. 2 for the establishment of the following price classifications and minimum prices for the coals of the Salina (S) Mine, Mine Index No. 2706, of M. M. and T. V. Bowman:

[Docket Nos. A-2010, A-2010 Part II]

DISTRICT BOARD 10

MEMORANDUM OPINION AND ORDER SEVERING DOCKET NUMBERS AND GRANTING TEMPORARY RELIEF

In the matter of the petition of District Board No. 10 for the establishment of price classifications and minimum prices for Mine Index No. 1629, Docket No. A-2010.

In the matter of the petition of District Board No. 10 for the establishment of price classifications and minimum prices for Mine Index No. 1629, for all shipments except truck, Docket No. A-2010 Part II.

The original petition in the above-entitled matter, which was filed with

the Division by District Board No. 10 pursuant to section 4 II (d) of the Bituminous Coal Act of 1937, requests, among other things, the establishment of temporary and permanent price classifications and minimum prices for the coals of New Coal Co. Mine, Mine Index No. 1629 of New Coal Company in District No. 10, for All Shipments Except Truck, and also requests that no exceptions be allowed with respect to locomotive fuel sold to off-line railroads. Although sufficient facts are not presented in the petition to justify the granting of the relief in the manner requested, a reasonable necessity appears for the granting of temporary relief in the manner hereinafter set forth.

Accordingly, temporary price classifications and minimum prices are established for the coals produced at Mine Index No. 1629 for All Shipments Except Truck, as requested in the original petition, and in addition thereto railroad locomotive fuel Price Exceptions 2-H, 9, 61 and 64 are made applicable to the coals of this mine. These Price Exceptions are applicable to the coals produced at all mines in Price Group No. 1, Freight Origin Group No. 133, in District No. 10 for which minimum prices have been established for All Shipments Except Truck; and since this mine is in Price Group No. 1, Freight Origin Group No. 133, the relief granted herein affords this mine the same competitive opportunity available to all other rail mines in the same price group and in the same freight origin group.

Now, therefore, it is ordered, That the portion of Docket No. A-2010 relating to the establishment of price classifications and minimum prices for the coals of New Coal Co. Mine, Mine Index No. 1629 of New Coal Company, in District No. 10, for All Shipments Except Truck, be, and it hereby is, severed from the remainder of Docket No. A-2010, and designated as Docket No. A-2010, Part II.

It is further ordered, That pending further order, temporary relief is granted as follows: Commencing forthwith, the Schedule of Effective Minimum Prices for District No. 10 for All Shipments Except Truck is supplemented to include the price classifications, minimum prices and other matter set forth in the schedule marked Supplement R annexed hereto and made a part hereof.

An order scheduling a hearing for the purpose of adducing facts upon which final relief in this matter may be based will be issued in due course.

Dated: June 8, 1943.

STROTH BROS. COAL COMPANY

MEMORANDUM OPINION AND ORDER TO CEASE AND DESIST

In the matter of A. W. Stroth, H. F. Stroth, L. B. Stroth, I. C. Stroth, and R. R. Stroth, individually and as Copartners

doing business under the name and style of Stroth Bros. Coal Company, code members.

On April 17, 1943, after notice and hearing, Edward J. Hayes, a duly designated Examiner of the Division, submitted a Report in which he found that code members, A. W. Stroth, H. F. Stroth, L. B. Stroth, I. C. Stroth and R. R. Stroth, individually and as copartners doing business under the name and style of Stroth Bros. Coal Company, operating the Stroth No. 6 Mine (Mine Index No. 2369), located in Vinton County, Ohio, in District 4, wilfully violated:

(1) The order of the Director in General Docket No. 19, dated October 9, 1940, by the sale and delivery by truck, from October 15 to December 15, 1940, of 956.53 tons of mine run coal, produced at code members' mine to the MacArthur Brick Company, MacArthur, Ohio, at a delivered price of \$2.00 per ton, whereas prices, temporary or final, had not been established by the Division for said coal; and

(2) Sections 4 II (e) and (g) of the Act and Part II (e) and (g) of the Code, the Schedule of Effective Minimum Prices for District No. 4 for Truck Shipments, and Price Instruction No. 6, as contained in Supplement No. 1 of said Schedule by the sale and delivery by truck from July 1 to December 15, 1941, of 4,474.65 tons of mine run coal, and from December 16 to 31, 1941, of 253.85 tons of said coal, to said purchaser at delivered prices of \$2.00 and \$2.25 per ton, respectively, whereas the effective minimum price for said coal plus the actual cost of transportation thereof amounted to \$2.35 per ton. The Examiner recommended that an order be entered requiring code members to cease and desist from violation of sections 4 II (e) and (g) of the Act and Part II (e) and (g) of the Code, the Schedule of Effective Minimum Prices for District No. 4 for Truck Shipments, and Price Instruction No. 6, as contained in Supplement No. 1 of said Schedule, and the order of the Director in General Docket No. 19, dated October 9, 1940, or from otherwise violating the Act, the Code and orders, rules and regulations issued thereunder.

Opportunity was afforded to all parties to file exceptions to the Examiner's Report. No exceptions have been filed.

I have considered the report of the Examiner and I find that it adequately and accurately reflects the evidence disclosed in the record. Upon the basis of the proposed findings of fact, proposed conclusions of law and recommendations set forth in the report and upon the entire record in this proceeding,

It is hereby ordered, That the proposed findings of fact and the proposed conclusions of law of the Examiner are approved and adopted as the findings of fact and conclusions of law of the Director.

It is further ordered, That A. W. Stroth, H. F. Stroth, L. B. Stroth, I. C. Stroth, and R. R. Stroth, individually and as copartners doing business under

the name and style of Stroth Bros. Coal Company, operating the Stroth No. 6 Mine (Mine Index No. 2369), located in Vinton County, Ohio, their agents, employees, representatives, successors and assigns and all persons acting or claiming to act on their behalf or interest, cease and desist from violating sections 4 II (e) and (g) of the Act and Part II (e) and (g) of the Code, the Schedule of Effective Minimum Prices for District No. 4 for Truck Shipments, and Price Instruction No. 6, as contained in Supplement No. 1 of said Schedule, and the order of the Director in General Docket No. 19, dated October 9, 1940, or from otherwise violating the provisions of the Act, the Code or orders, rules and regulations issued thereunder.

Notice is hereby given that upon failure or refusal to comply with this order, the Division may apply to a United States Circuit Court of Appeals for the enforcement thereof, or may otherwise proceed as authorized by the Act.

War Food Administration.

[P. & S. Docket 1553]

MISSISSIPPI VALLEY STOCK YARDS CO.

ORDER OF INQUIRY AND SUSPENSION, AND NOTICE OF HEARING BEFORE THE WAR FOOD ADMINISTRATION, LIVESTOCK AND MEATS BRANCH.

In the matter of Carroll P. Poland, doing business as the Mississippi Valley Stock Yards Company, respondent.

This proceeding is instituted pursuant to the provisions of Title III of the Packers and Stockyards Act, 1921, as amended (7 U.S.C. 1940 ed. 181 et seq.), and the following allegations are made:

1. The respondent is engaged in the business of conducting or operating a stockyard at St. Louis, in the State of Missouri, which stockyard has been ascertained by the Secretary of Agriculture to be a "stockyard" within the definition thereof as used in the act, and which has been posted as such by the Secretary of Agriculture under the act.

2. In accordance with the requirements of the Packers and Stockyards Act, the respondent has heretofore filed and put into effect schedules of rates and charges for its services.

3. On or about April 26, 1943, the respondent made, filed and published, effective May 25, 1943, a new schedule of rates and charges, designated as Tariff No. 6, providing for rates and charges which are materially greater than those set forth in the schedule now on file. Subsequently, the respondent agreed to postpone the effective date of such tariff until June 10, 1943. On April 26, 1943, the respondent gave notice of the proposed increases in rates to the Office of Price Administration as required by the amendment to the Emergency Price Control Act, 1942 (Pub. Law No. 729, 77th Cong.), effective October 2, 1942, Executive Order No. 9250 (7 F.R. 7871), and Directive No. 1 of the Director of Economic Stabilization (7 F.R. 8758), under the provisions of which said tariff can not lawfully become effective until the expiration of 30 days after the date of the notice.

4. Upon examination of the records and other information in the possession of the Department of Agriculture, there is reason to believe that the increases proposed by such new schedule are not justified, and that such increases are, in fact, unreasonable and unlawful.

It is concluded that a proceeding under Title III of the act should be had for the purpose of determining the reasonableness and lawfulness of the rates and charges proposed in Tariff No. 6 filed by the respondent and that pending a hearing and decision in such proceeding, the operation of such tariff should be suspended and its use deferred.

It is further concluded that a hearing should be had for the purpose of determining the lawfulness of all rates and charges of the respondent and of any rule, regulation, or practice affecting said rates and charges, and whether any stockyard service is rendered by the re-

spondent without making a lawful charge therefor.

It is therefore ordered, That the operation and use of the tariff filed by the respondent on April 26, 1943, and designated as Tariff No. 6, shall be, and it hereby is, suspended and deferred until the expiration of thirty days beyond the time when such tariff would otherwise go into effect.

It is further ordered, That notice to the respondent shall be, and is hereby, given that a hearing concerning the allegations made herein will be held before an examiner at a time and place of which the respondent will have at least ten days' notice. At such hearing the respondent and all other interested persons will have a right to appear and present such evidence with respect to the matters and things alleged as may be relevant and material.

It is further ordered, That any and all interested persons who may wish to appear and present evidence relative to the issues in this proceeding shall give notice thereof by filing a statement to that effect with the hearing clerk, Office of the Solicitor, Washington, D. C., within 20 days from the date of the publication of this order.

It is further ordered, That a copy hereof be served upon the respondent by registered mail.

It is further ordered, That this order shall be published in the FEDERAL REGISTER.

Done at Washington, D. C., this 8th day of June 1943.

Assistant to Secretary of Agriculture.

TRANSPORTATION AND DELIVERY OF FLOWERS IN LEXINGTON, KY.

RECOMMENDATION OF JOINT ACTION PLAN

Pursuant to a provision of a general order issued by the Office of Defense Transportation for the purpose, among others, of conserving and providently utilizing motor vehicles and vital equipment, materials and supplies, (General Order ODT 17, as amended, 7 F.R. 5678, 7694, 9623; 8 F.R. 6968), Mrs. David B. Honaker, doing business as Honaker-Florist; James K. Keller, doing business as Keller-Florist; Keller-Oram Co., Inc.; and Michler-Florist, Inc., all of Lexington, Kentucky, have filed with the Office of Defense Transportation for approval a joint action plan relating to the transportation and delivery by motor vehicle of flowers and related articles in Lexington.

The participants in the plan propose to eliminate wasteful operations in the transportation of flowers and related articles by pooling the use of their trucks. Each of the participants will operate its truck over fixed routes every fourth day (Sundays excluded), making deliveries for all of the participants. On Sundays the participants will continue to make their own deliveries. The proposed schedule may be varied when required by holidays or emergencies. Trucks of the three participants which are not

being operated in the scheduled service on a particular day may be used to make deliveries which can not be handled by the scheduled service. The driver of the scheduled truck on one day will serve as a helper or "jumper" on the following day. Joint selling activities are not contemplated; and the participants will not use the plan as a means of obtaining information concerning the business of each other.

It appearing that the proposed joint action plan is in conformity with General Order ODT 17, as amended, and that the effectuation thereof will accomplish substantial conservation and efficient utilization of motor trucks and vital materials and supplies, the attainment of which purposes is essential to the successful prosecution of the war, I have approved the plan and recommend that the Chairman of the War Production Board find and certify under section 12 of Public Law No. 603, 77th Congress (56 Stat. 357), that the doing of any act or thing, or the omission to do any act or thing, by any person in compliance with said joint action plan, is requisite to the prosecution of the war.

TRANSPORTATION AND DELIVERY OF GROCERIES IN JEFFERSON CITY, Mo.

RECOMMENDATION OF JOINT ACTION PLAN

Pursuant to a provision of a general order issued by the Office of Defense Transportation for the purpose, among others, of conserving and providently utilizing motor vehicles and vital equipment, materials, and supplies (General Order ODT 17, as amended, 7 F.R. 5678, 7694, 9623; 8 F.R. 6968), A. C. Marston and 35 other retail grocers, named in Appendix A hereto, have filed with the Office of Defense Transportation for approval an amended joint action plan relating to the transportation and delivery by motor vehicle of groceries and related articles in Jefferson City, Missouri, and contiguous municipalities.

The participants in the plan propose to eliminate wasteful operations in the transportation and delivery of groceries and related articles by restricting deliveries to not more than 5 days a week (generally excluding Thursday and Sunday deliveries); by making not more than one delivery trip a day to each section of town, except as authorized by order of the Office of Defense Transportation; and by limiting deliveries on a particular day to articles ordered or purchased prior to 11 a. m. of that day. They estimate that effectuation of the plan will result in savings of approximately 50,000 truck-miles a year.

It appearing that the proposed joint action plan is in conformity with General Order ODT 17, as amended, and that the effectuation thereof will ac-

complish substantial conservation and efficient utilization of motor trucks and vital materials and supplies, the attainment of which purposes is essential to the successful prosecution of the war, I have approved the plan and recommend that the Chairman of the War Production Board find and certify under section 12 of Public Law No. 603, 77th Congress (56 Stat. 357), that the doing of any act or thing, or the omission to do any act or thing, by any person in compliance with said joint action plan, is requisite to the prosecution of the war.

TRANSPORTATION AND DELIVERY OF FLOWERS IN LEXINGTON, KY.

RECOMMENDATION OF JOINT ACTION PLAN

Pursuant to a provision of a general order issued by the Office of Defense Transportation for the purpose, among others, of conserving and providently

utilizing motor vehicles and vital equipment, materials and supplies, (General Order ODT 17, as amended, 7 F.R. 5678, 7694, 9623; 8 F.R. 6968), Ashland Florist, Frank McMullen Florist, Jordan Florist, Phoenix Flower Shop and Howard & Heafey have filed with the Office of Defense Transportation for approval a joint action plan relating to the transportation and delivery by motor vehicles of flowers and related articles in Lexington, Kentucky.

The five named florists plan to eliminate wasteful operations in the transportation of flowers and related articles by pooling the use of their trucks. Participants in the plan will deliver all of their less-than-truckload shipments to a designated consolidation point. Each day one of the participants will distribute to destinations all shipments brought to the consolidation point before 1:00 p. m. In every series of six delivery days such distribution service will be performed by Howard & Heafey on two days and by each of the four other participants on one day. Single order and special deliveries will be eliminated. No call-backs will be made on a single day to the same house or building, except in connection with funerals. Capacity loads will be delivered directly to destinations. On special dance occasions involving two or three participants deliveries will be co-operatively made. Joint selling activities are not contemplated.

It appearing that the proposed joint action plan is in conformity with General Order ODT 17, as amended, and that the effectuation thereof will accomplish substantial conservation and efficient utilization of motor trucks and vital materials and supplies, the attainment of which purposes is essential to the successful prosecution of the war, I have approved the plan and recommend that the Chairman of the War Production Board find and certify under section 12 of Public Law No. 603, 77th Congress (56 Stat. 357), that the doing of any act or thing, or the omission to do any act or thing, by any person in compliance with said joint action plan, is requisite to the prosecution of the war.

La Porte and Northern have entered into an agreement for the sale and purchase of the electric and gas properties and related assets of La Porte for a consideration of \$2,200,000 in cash, plus certain adjustments approximating an additional \$189,000. The electric and gas properties are used to supply electricity and gas to the public in the city of La Porte, Indiana, and electric services in the Town of Westville, the unincorporated communities of Pinhook, Pinola and Door Village, and adjacent rural territory, all in La Porte County, Indiana.

La Porte and Heat Corporation have entered into an agreement for the sale and purchase of the heat properties and related assets of La Porte for a consideration of \$300,000 in cash, plus certain adjustments approximating an additional \$49,000. The heat property is used to supply heat to the public in the City of La Porte, Indiana.

La Porte, after receiving the proceeds of the sale of its properties, and after having paid its indebtedness, including its demand note and open account indebtedness owing to Power, will liquidate and dissolve and distribute all its remaining assets to Power, and Power will surrender to La Porte all of La Porte's outstanding capital stock. Upon the liquidation of La Porte, Power will assume such contingent or unliquidated liabilities of La Porte, if any, as may be owing to the public, except those assumed by Northern.

Heat Corporation proposes to issue and sell, at \$100 per share, 3750 shares of its common stock to Northern. Heat Corporation will use the cash received from the sale of its common stock to purchase from La Porte the heat utility plant and related assets of such company as set forth above.

Northern proposes to issue and sell its First Mortgage Bonds, Series B, dated February 1, 1943, and due February 1, 1973, in the principal amount of \$800,000 and serial notes of a maturity of ten years or less in the principal amount of

\$600,000, or, in lieu thereof, to extend the maturity of serial notes; the principal amount of \$600,000 heretofore issued and now outstanding. The proceeds from the sale of these securities, together with treasury funds, will be used by Northern to purchase the electric and gas utility plant and related assets of La Porte, as set forth above, and the 3,750 shares of common stock of Heat Corporation.

It appearing to the Commission that it is appropriate in the public interest and the interest of investors and consumers that a hearing be held with respect to said matters and that said declarations shall not become effective nor said applications be granted except pursuant to further order of this Commission; and

It further appearing that all of the foregoing matters are related and involve common questions of law and fact, and that evidence offered in respect of each of the matters may have a bearing on the others, and that substantial savings of time, effort, and expense, and substantial progress toward the speedy and effective carrying out of the purposes of the Act and of the applicable provisions thereof will result if the hearings in said matters are consolidated so that they may be heard as one matter, and that evidence adduced in each matter may stand as evidence in the other for all purposes;

It is hereby ordered, That the said matters be consolidated for hearing and that a hearing on such consolidated matters under the applicable provisions of said Act and rules of the Commission promulgated thereunder be held on June 25, 1943, at 10 a. m., e. w. t., at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania, at which time the hearing room clerk in room 318 will advise as to the room in which such hearing will be held. At such hearing cause shall be shown why such declarations and applications shall become effective or shall be granted.

It is further ordered, That Willis E. Monty or any other officer or officers of the Commission designated by it for that purpose, shall preside at the hearings in such matter. The officer so designated to preside at such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of said Act and to a trial examiner under the Commission's Rules of Practice.

It is further ordered, That, without limiting the scope of the issues presented by said applications and declarations otherwise to be considered in this proceeding, particular attention will be directed at the hearing to the following matters and questions:

1. Whether the consideration for the sale of the properties and related assets of La Porte is reasonable and bears a fair relation to the sums invested in or the earning capacity of such assets;

2. Whether the proposed acquisition by Heat Corporation of the heat utility plant of La Porte, and the proposed acquisition by Northern and the sale by Heat Corporation of common stock of Heat Corporation satisfied the standards of sections 10 and 12 (f) of the Act;

3. Whether the issue and sale of First Mortgage Bonds and serial notes by Northern, and common stock by Heat Corporation, are exempt from the provisions of section 6 (a) of the Act by virtue of the provisions of section 6 (b) thereof, and if such exemption is available, whether any terms and conditions should be imposed;

4. Whether the accounting entries to be made in connection with the proposed transactions, including specifically the disposition of the depreciation fund applicable to the properties of La Porte, are consistent with sound and accepted accounting principles and practices and the pertinent accounting rules and regulations of the Commission;

5. Whether any terms or conditions are necessary to be imposed to insure compliance with the provisions of the Public Utility Holding Company Act of 1935 and rules, regulations or orders thereunder;

6. Generally, whether the action proposed to be taken complies in all respects with all pertinent requirements of the Act and the rules, regulations or orders promulgated thereunder.

The declarants and applicants have specified sections 6 (b), 9 (a), 10 and 12 as being applicable to the proposed transactions and have represented that the acquisition by Northern of the electric and gas properties of La Porte is exempt from the provisions of section 9 (a) of the Act by virtue of the provisions of section 9 (b) (1) thereof.

Notice of such hearing is hereby given to declarants and applicants and to any other person whose participation in such proceedings may be in the public interest or for the protection of investors or consumers, said notice to declarants and applicants to be given by mailing a copy of this notice thereto, and to all other persons such notice to be given by a general release of the Commission, distributed to the press and mailed to the mailing list for releases issued under the Public Utility Holding Company Act of 1935, and by publication of this order in the FEDERAL REGISTER. Any person desiring to be heard in such proceeding shall file with the Secretary of the Commission, on or before June 19, 1943, his request therefor as provided by Rule XVII of the Rules of Practice of the Commission.

By the Commission.
